

NINE BALLOONS START IN RACE FOR BENNETTE

TROPHY NOW HELD BY LIEUTENANT F. P. LAHM IS THE PRIZE.

BESIDES GOOD CASH BONUS

America, England, France and Germany Represented—Race is the Second Of Its Kind.

St. Louis, Oct. 21.—Beginning at 4 o'clock this afternoon, the second aeronautic contest will be opened in this city. Nine balloons, representing America, France, England and Germany, have been entered in the long distance race. The first balloon, Pomern, will be sent up at 4 p. m., and the others will follow at not less than five-minute intervals. The race is for the Bennett cup.

Tuesday there will be a contest for aeroplanes or flying machines of the heavier-than-air type, with total cup prizes of \$2,500. Wednesday there will be a contest for airships and vehicles of the lighter-than-air type, with total prizes of \$2,500. Thursday the contest of flying machines for the scientific American cup will be held. Friday will be "free-for-all" day, in which any kind of air-craft that will get above ground may participate in the contest to win the Lahm cup, which has just been won by Aeronautes McCoy and Chandler in their long balloon flight from St. Louis to West Virginia.

The first international contest was held last year at Paris, at which Lieutenant Frank P. Lahm of the United States cavalry, by a flight of 402 miles, won the James Gordon Bennett cup, the trophy of the contest. The cup is an object of art in massive silver, valued at \$2,500, and was offered by James Gordon-Bennett to the aeronaut covering the longest distance in a single flight. If the cup is won three times in succession by an aeronaut it then becomes the property of the aeronautic club of which he is a member. The winner of the cup in each international contest, by the terms of the donor, will receive in addition a prize of \$2,500 in cash, together with one-half of the entry fees and forfeits. The contestant finishing second will receive one-third and the contestant finishing third the balance of the entry fees and forfeits. This second competition for the Bennett international aeronautic cup was organized by the Aero Club of America under the rules of the International Aeronautic federation and will be conducted under the auspices of the Aero club of St. Louis.

WEATHER FOR RACE.

Fair weather will prevail throughout the central states during the next 36 hours. The light easterly winds at St. Louis will shift to southeast, south by tonight and the winds will be generally southerly along the course of the balloons tonight, becoming fresh and brisk and shifting to southwest before Tuesday morning.

WATCH FOR BALLOONS

Keep your eye open for the big balloons entered in the sky race at St. Louis. The great international race starts late this afternoon. With favorable weather conditions the people of Ohio and maybe of this city will get the chance to witness them in their flight. With an average wind velocity of 10 to 15 miles an hour, the balloons should reach this vicinity about noon Tuesday. If the velocity is 25 miles an hour they will float over before you are out of bed.

STRIKE ON BIG FOUR.

Cleveland, Oct. 21.—Two hundred and fifty switchmen on the Big Four railroad in and about Cleveland went on strike today because the railroad refused to reinstate John Collins to his position of general yard master in this district. He had been transferred to another point.

Fishing Boats Missing.

Trondhjem, Norway, Oct. 21.—A violent hurricane has been raging over the province of Finnmark since last Thursday. Many fishing boats are missing and up to the present time seven lives have been lost.

EXPLORER

Discovers a Number of Islands in Arctic Regions and Annexes Them to Canada.

Quebec, Oct. 21.—Canada's domain has been enlarged by some 100,000 square miles as the result of exploration by Captain Oernier, who has just

returned from his trip to the far north begun in July, 1906.

A number of islands in the little explored Arctic regions were discovered and annexed to Canada. All whalers in the north were visited and licensed issued to them. Captain Oernier brought back with him records of Peary and McClure's which will be forwarded to Ottawa with the report of his expedition.

PRIEST CLAIMS THAT MURDERER IS INNOCENT

Chicago, Oct. 21.—Former Assistant State's Attorney Robert Holt is preparing to resist the efforts of the Paulist fathers, through Father Peter J. O'Callaghan, to free Herman Bilek, sentenced to hang for the poisoning of five members of the Vrsal family. Father O'Callaghan yesterday became the open champion of Bilek's cause in the pulpit of St. Mary's Catholic church. He appealed to his parishioners and through them to the people of Chicago not to take the blood of an innocent man, claiming he was morally certain of Bilek's innocence.

GENERAL BOOTH IS RECOVERING

Chicago, Oct. 21.—General William Booth's wonderful recuperative power was brought so strongly into play by the stricken leader of the Salvation Army today, that his physicians at noon, revoked their predictions that he would be abed for a fortnight, and announced that he probably would carry out his determination to leave Chicago Wednesday.

AGED PEDESTRIAN COMPLETES WALK OF 1000 MILES

DAN O'LEARY PAST 60 YEARS,
FINISHES IN GOOD CON-
DITION.

Another Walker Passes Through Newark En Route From Pittsburgh to Seattle on a Wager.

Cincinnati, Oct. 21.—Dan O'Leary, the famous long-distance walker, finished his 1,000-mile walk at Norwood Inn, in this city Sunday morning. He has walked one mile during each hour for 1,000 consecutive hours, and although he is nearly 65 years old, he at no time during his test of his strength has shown any signs of faltering. This is one of the most remarkable walking tests ever witnessed in America and the medical world has been intensely interested as to the outcome. It is said that the International Tuberculosis association persuaded O'Leary to attempt the walk and that he is to receive \$5,000 for accomplishing the task.

THROUGH NEWARK ON WAGER.
Daniel H. Rosenkranz, aged 53, walked into The Advocate office Sunday afternoon at 1:30 o'clock, and announced that he was walking from Pittsburgh to Seattle and expected to reach his destination next Decoration Day, May 30.

He claimed to have left Pittsburgh with \$1 in his pocket, and expects to have \$1000 when he reaches Seattle. Asked as to how he would get it he replied that he was selling an original poem and also did odd jobs along the way. After he gets 1000 miles away from the starting point he will exhibit himself at so much per peep. He expects in this manner to land with a nice, fat bank roll.

Rosenkranz wore good clothes, was cleanly shaven, and wore a yellow ribbon on his coat sleeve on which was printed in big black letters, "P. to S." Asked as to the meaning of it, he said it stood for Pittsburgh to Seattle. He left here for Columbus and will go to Cincinnati, thence to New Orleans and along the Southern Pacific to San Francisco. He will then go up through Portland to Seattle. He stated that he was going by the way of the Southern route to avoid the rigors of winter.

Rosenkranz claims that he is doing the walking stunt just to show the world what endurance a man of 53 possesses. It may be that he is the agent of some secret society of gay old boys over 50, who are anxious to demonstrate that a man past the half century mark can still step some and is far from being Oslerized.

The giant steamer that English shipbuilders are to construct for the Hamburg-American line will be named the Europa. She will be over Granville Baptist church, was in New-Lustania.

DEMAND MADE FOR EXPLANATION IS PEREMPTORY

UNITED STATE EMBASSY TAKES
ACTION ON SEIZURE OF
AMERICANS.

RUSSIANS MAY RELEASE THEM

Accusation Made That Wealthy Socialist Has Aided the Finnish Revolution.

St. Petersburg, Oct. 21.—The United States embassy called preemptorily on the Russian authorities today for an explanation of yesterday's arrest of William English Walling, the American millionaire and noted socialist, his wife, formerly Anna Strunsky, the famous Russian novelist and the latter's sister, Rose Strunsky. The arrests were by the order of Col. Jeannimovitch, chief of the secret police. It is believed the police do not intend to hold the trio, but took them into custody that they might have a better chance to extort information from them concerning their associates. Their release is looked for today, coupled with orders however, for their immediate departure from Russian territory. Kellogg Durland, the American lecturer was arrested in connection with the same matter, but released. The police are looking for James M. James, American correspondent for socialist newspapers.

St. Petersburg, Oct. 21.—William English Walling of Indianapolis, Ind., his wife, his sister-in-law, Miss Rose Strunsky, were arrested in this city by a force of gendarmes because of their association with several members of the Finnish Progression party here. Mr. Walling is a wealthy Socialist. The Finns with whom the Wallings have been associated also were arrested. In this party there are three men and one woman. The woman is the wife of Professor Malmberg of Helsingfors university. The Finns have been in St. Petersburg for several days. They have been under close police observation all the time. Mr. Walling has just returned to St. Petersburg from attending the Socialist congresses in Germany and France. He has also spent several months recently in Geneva, where he frequented the headquarters of the Russian revolutionists. He is intimate with many leading revolutionists and liberals. Mr. Walling is accused by the police of furnishing financial aid to the revolution, though this charge is not the foundation for his arrest.

Grandson of English.

Indianapolis, Ind., Oct. 21.—William English Walling of this city, who is mentioned in a dispatch from St. Petersburg as having been arrested there with his wife and sister-in-law, has for the past several years been engaged in "settlement work" among the poorer classes. It is thought his energies in this direction in St. Petersburg brought about his arrest, together with his wife and sister-in-law. Walling is a grandson of the late W. H. English, who was a candidate for vice president on the Democratic ticket in 1880. On the death of W. H. English he was left property to the value of about \$500,000. He still owns considerable real estate in Indianapolis. His wife is of the Jewish faith.

STATE DEPARTMENT CABLES.

Washington, Oct. 21.—The State department this afternoon cabled instructions to the American embassy at St. Petersburg to do everything possible to secure the release of the Wallings.

Prairie Fire Raging.

Barnesville, Minn., Oct. 21.—A prairie fire is devastating the north-eastern part of Wilkin county, Minnesota, and three farms have already been wiped out. The damage thus far is estimated at \$75,000. The fire was started by a boy who was playing with matches.

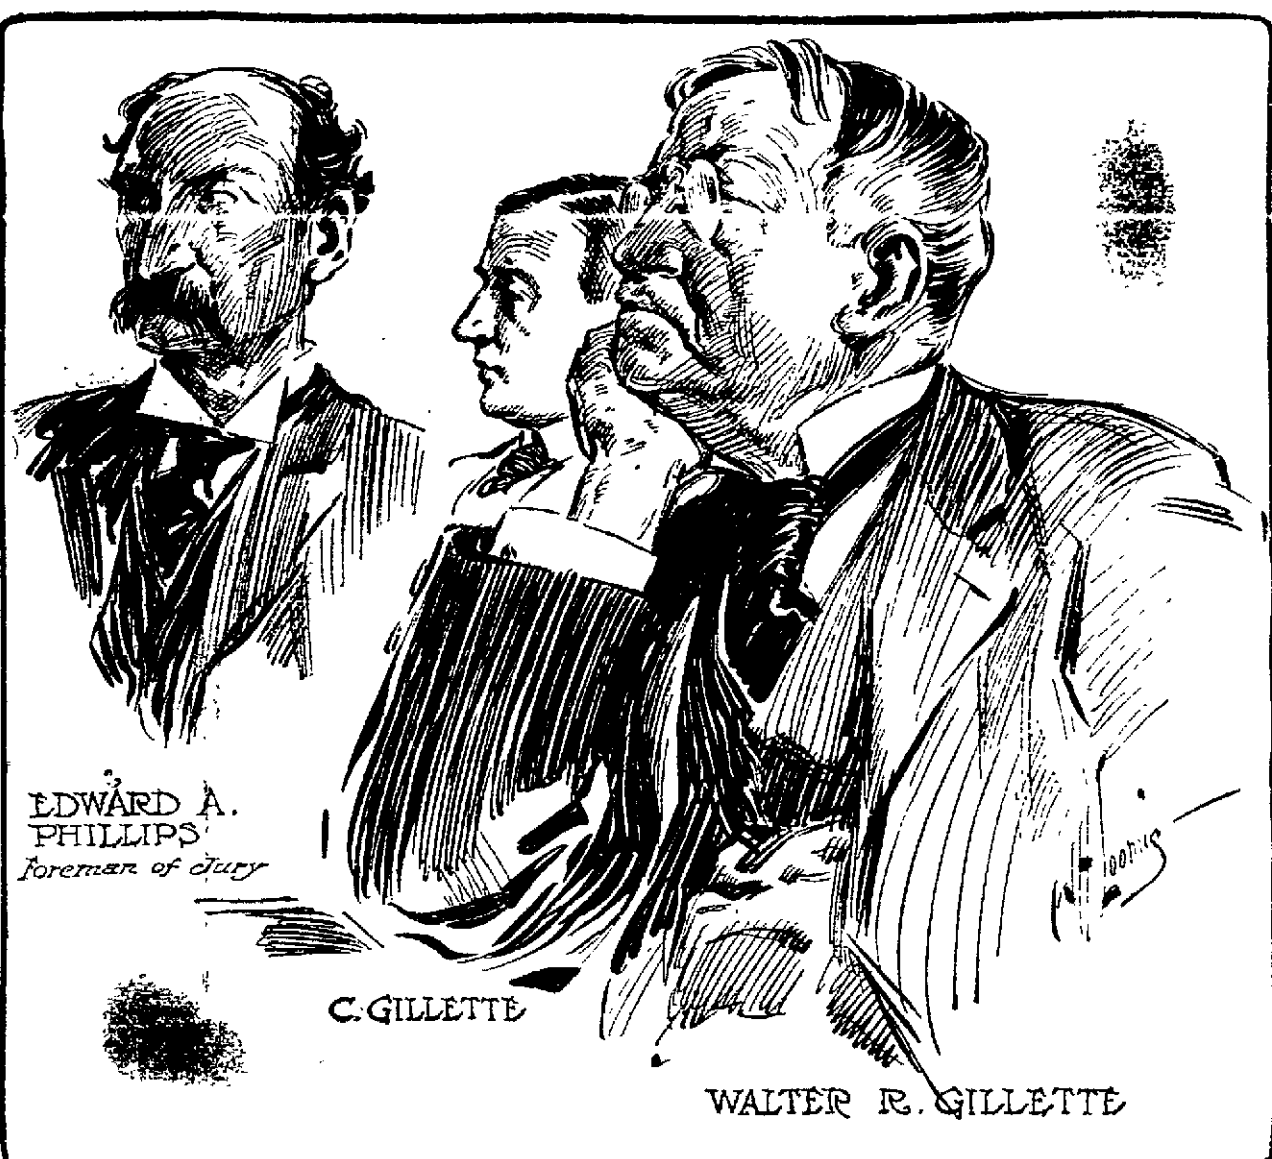

ANOTHER QUAKE RECORDED.

Washington, Oct. 21.—It was announced today that another earthquake of considerable intensity was reported on the seismograph at the weather bureau. From the record the quake is supposed to be somewhere in the South Indian ocean.

BROTHERS FIGHT AND KILL BURGLAR

Nashville, Tenn., Oct. 21.—A giant negro burglar gave his life today in an attempt to murder Charles and E. J. Schott in a battle in the latter's bedroom. Before he fell, pierced by three heavy slugs from a Winchester the thief had so gashed and mangled the Schotts that both may die. The Schotts are brothers—E. J., a prosperous druggist, and Charles, a lodger in his home.

MYSTERIOUS MAN VISITS GILLETTE TALESMAN

New York, Oct. 21.—Because a mysterious man visited many of the Life Insurance company, after they made public soon after Dr. Gillette questioned them at length, occasionally mentioning Dr. Gillette's name there is a probability that the entire panel may be discharged and a new start made. This information was made public soon after Dr. Gillette was placed on trial before Judge Dowling, the talesmen telling freely of the visits.

FRENCH SOLDIERS WERE AMBUSHED BY MOROCCANS

Paris, Oct. 21.—A dispatch has been received here from General Drude, commander of the French expeditionary force in Morocco, saying that a French reconnoitering party was ambushed while proceeding in the direction of Taddert. Captain Jandey and one private of the Chasseurs Africains were killed and six men wounded. General Drude at once went out with a battalion, but when he got to the place the Moors who had made the ambush had disappeared.

TO WIDEN LOCKS IN PANAMA CANAL

Washington, Oct. 21.—The locks of the projected Panama canal must be made wider than they were originally planned, in the opinion of the naval member of the Isthmian canal commission, Lieutenant and Civil Engineer H. H. Rousseau, who arrived in Washington Saturday direct from the isthmus. It is presumed that he bore the message from the commission, undoubtedly naval agencies, supplemented by the building of the giant Cunarders, Lusitania and Mauretania, were the basis for this projected change of plan, which will involve the expenditure of many additional millions of dollars.

ANNA GOULD TO MARRY A PRINCE

Paris, Oct. 21.—Anna Gould will, it is said, marry Duke de Talleyrand, eldest son of the duke of Talleyrand, prince of Sagan, within a few days in London. The marriage will be made regular in France as soon as the court of cassation has decided the appeal made by Count Paul de Castellane against the divorce pronounced by the appeal court. The prince of Sagan is a nephew of the Comtesse Jean de Castellane.

FORTY BURT IN TROLLEY CRASH

Akron, Oct. 21.—Forty persons were injured, 19 so seriously that they are in hospitals here, by a collision of cars on the Bedford and Cleveland traction line, north of here, late last night. Fire broke out in the wreck and many of the injured could not be rescued until the flames were extinguished. The collapse was on the main track due to a misunderstanding of orders. All are expected to recover.

SIGNIFICANT Was the Remark Made by Secretary Taft at a Banquet at Manila.

Manila, Oct. 21.—At a banquet given in his honor in this city, Secretary of War William H. Taft made a statement regarded as significant by some who heard of it. He was referring to the fact that he had already visited the Philippine islands three times, and, in expressing his intention to come here again, he said: "I hope in another two years to visit Manila again, but then I will probably come as a private citizen."

CONFESSION

Made by the Frenchman Who Looted Churches in France.
Limoges, Oct. 21.—Antoine Thomas, the Frenchman who conducted the series of thefts of religious works of art from churches in France, the discovery of which a fortnight ago aroused astonishment throughout this country, has written a letter to the judge by whom he will be examined, detailing the extent of his thefts, disclosing the names of his accomplices, furnishing dates and indicating witnesses. He tells the magistrate also that he threw a Eucharistic dove, one of the missing treasures, into the river Seine near the Pont des Arts the day before he surrendered.

KING ALFONSO IN AN ACCIDENT

Manresa, Spain, Oct. 21.—King Alfonso had a narrow escape in an auto accident here today. He was crossing a temporary bridge over a small stream when it broke under the heavy car. The auto went into the water but the king escaped with a wetting.

Ignore Lid Order.

Kansas City, Oct. 21.—All the theaters of this city were open Sunday in violation of the Sunday closing order of Judge Wallace of the criminal court. Scores of city detectives and deputy county marshals were busy securing evidence against the violators of the Sunday closing order, which will be presented Tuesday to the same judge that has already decided all the theatrical managers here for keeping their playhouses open on Sundays. Practically all guests and other merchants, except cigar dealers, obeyed the closing order. Many cigar stores and pool halls refused to close.

Hanged Himself in Cell.

Charlotte, N. C., Oct. 21.—Tom Upchurch, a negro rapist, under sentence of death who was to have been hanged at Louisburg, N. C., Wednesday morning, was found dead in his cell in Franklin county jail. Though under close surveillance, Upchurch had managed to secure a coil of wire one end of which he fastened to a ridge of his cell and the other end around his neck and hanged from his cell. He had committed an act of self-sacrifice on a white woman in August last.

INCENDIARY FIRE CAUSES LOSS OF ABOUT \$50000

Macomb, Ill., Oct. 21.—Fire supposed to be of incendiary origin destroyed \$50,000 worth of property in the business section of Colchester, seven miles west of here. The flames were discovered in the rear of Carson's hardware building. The fire spread rapidly and a hardware store, book store and two dwellings were consumed before the fire was under control. The Macomb fire department was sent to Colchester on a special train and helped to save other property. This is the most extensive of a series of fires at Colchester in the past few months, all of incendiary origin.

FATAL ACCIDENT TO AUTOMOBILE

Pontiac, Mich., Oct. 21.—In an automobile accident here Harry Wood, 40, was killed and Karl E. Smith, an automobile tester for a local factory, had his right arm broken. Smith was driving home when Wood and three other men asked for a ride. Smith took the men into the machine. While running about 10 miles an hour the automobile began skidding and Wood, becoming frightened, grabbed the controller, which swerved the machine into the ditch, where it hit a trolley pole. The other three men were uninjured.

DAILY VISITS

Of Evelyn Nesbit Thaw to Her Husband in the Tombs Have Been Resumed.

New York, Oct. 21.—Harry Thaw, who has been working on a brief to be used by his attorneys at his second trial for the murder of Stanford White, has turned the document over to Martin W. L. Clinton, his chief counsel. Thaw has been at work picking flaws in the testimony of the prosecution at the first trial and has had frequent conferences with A. Russell Peabody and Daniel O'Reilly, two of his counsel, who have been retained in the preparation of the brief. Evelyn Nesbit, Thaw's wife, has covered her health and visits her husband daily at the Tombs.

Lantern Parade.

Seoul, Korea, Oct. 21.—The climax of the festivities in this city in honor of the visit of the Japanese crown prince was reached in a lantern procession in which 10,000 persons took part. It was witnessed by the crown prince of Japan and the crown prince of Korea and their respective suites from a hill near the residence. The procession was divided into sections corresponding to the various divisions of the city. Each section was accompanied by a band of music.

HUNTING PARTY HAS RETURNED WITH BIG GAME

GOT THREE BEAR, SIX DEER,
ONE WILD CAT AND OTHER
QUARRY.

PRES. QUILTS CANEBRAKES

Name of Stamboul Changed to Roosevelt, La.—Big Reception at Vicksburg.

Vicksburg, Miss., Oct. 21.—All arrangements are completed to entertain President Roosevelt in Vicksburg this afternoon. The principal streets are a mass of color and pictures of the president are to be seen on all sides. The president will be met by a reception committee of 100 citizens on board of the steamboat Belle of the Bends.

Stamboul La., Oct. 21.—President Roosevelt and party of hunters arrived here Sunday afternoon after a two weeks' hunt in the Mississippi canebreaks. They report having had an enjoyable time. The president remained here over night as the guest of Leo Shields, and at 10 o'clock this morning left for Vicksburg, Miss., where he will deliver an address this afternoon.

The president is slightly more bronzed than when he entered the wilderness from this point, 15 days ago, but notwithstanding this fact and the additional circumstance that his skin as well as his clothes bear evidence of contact with the cane and other brush, he was never in better spirits in his life. Discussing the hunt, he said:

"We got three bears, six deer, one wild turkey, twelve squirrels, one duck, one possum and one wildcat. We ate them all except the wildcat, and there were times when we almost felt as if we could eat it."

"You might add," interjected one of the Metcalf brothers, who has been the president's principal guide throughout the hunt, "that we hunted a country of vast extent and in which there were but five bears all told, and that of these, as you see, we got three."

In honor of the president, the name of this place was changed to Roosevelt.

The arrival of the party brought out the fact that a third bear had been killed Friday, a two-year-old which was slain by one of the Osborn brothers, when it was in a fierce fight with the dogs. The one bear that was obtained by the president was killed on Thursday and the killing was witnessed by one of the McKenzies and Alex. Ennolds. They agree in saying that the president's bearing was extremely sportsmanlike. The president was so rejoiced over his good fortune that he embraced each of his companions. They were equally happy and in the exuberance of the moment, Ennolds went to the extent of telling the president that he, the president, was "no tenderfoot." The president responded by presenting him with a \$20 note.

JEERED

Was President Small by 600 Members of the Telegraphers' Union of Chicago.

Chicago, Oct. 21.—Syvester J. Small, former president of the Commercial Telegraphers' union, was hissed and jeered by 600 members of the Chicago local union, before whom he appeared in an effort to justify his action in seeking to end the strike. Nearly a third of those present left the hall after shouting insults at their deposed leader. When order had been restored, action was taken increasing the assessment upon leased wire operators from one day's pay per week, as at present, to two days' pay per week for the benefit of the strike treasury, and four operators were suspended from the union for non-payment of their assessments. Vice President W. W. Beattie of Washington was named as the choice of the Chicago local for successor to Small.

Republican National Committee.

Washington, Oct. 21.—The Republican national committee will meet in this city December 6 and 7 for the purpose of deciding upon the place and time for holding the next Republican national convention. Formal announcement to this effect was made by Harry S. New, acting chairman of the Republican national committee.

Japan's New Cruiser.

Tokio, Oct. 21.—The new armored cruiser Kurama was launched at Yokosuka. The empress of Japan was present at the ceremony. This new warship is 450 feet long, has a displacement of 14,500 tons, and 22,300 horse power. Her armament consists of four 12-inch, six 10-inch, six 6-inch and six 15-centimetre guns.

POLICE

EXCEED THEIR AUTHORITY BY ARRESTING PERSONS ON SUSPICION

Circuit Court Declares Any Ordinance Giving Such Power to Be Unconstitutional.

Hereafter no person in the state of Ohio can be arrested on suspicion. Previous to September 24, 1906 the police of Columbus were in the habit of arresting persons and charging them with being suspicious characters. Among others arrested was Peter Treab. He was found guilty, and sentenced to pay a fine of \$50 and costs. Not being able to pay the fine he was committed to the workhouse. A writ of habeas corpus was applied for on his behalf, and Judge Dillon issued an order compelling the superintendent of the workhouse to bring Treab before him. After listening to the evidence, and examining the law Judge Dillon came to the conclusion that the ordinance under which the police were acting was unconstitutional. He therefore released the prisoner.

The Circuit court at Columbus on Saturday found that Judge Dillon was correct in his conclusions.

The same condition has existed in Newark for years under an old ordinance, which never was valid in law or common sense. Often times men are picked up and in violation of every guarantee of constitution and law hurried into prison without the slightest vestige of authority on the part of the police for so doing. Is many cases, yes, in most of them, the poor unfortunate is not given any opportunity to get his rights, if he knows them, and has no alternative than to lay in jail until the police wish to release him.

There is no such a crime as that of "being a suspicious person," and no authority for the police to "think one is and on this 'think' deprive a man of his liberty, which can only be done by 'due process of law'."

It would be well for the police of Newark, as well as throughout the state to remember the point decided by the Circuit court in upholding the opinion of Judge Dillon.

OBSTINATE SKIN DISEASES.
The Kings which trigger, humiliate and disgrace, the kind that itch and burn incessantly, whether on face, head or body are at once relieved and cured by Dr. Hale's, Home-Boiled Ointment. Get it at City Drug Store, 25c.

Scar Brand Shoes are better. Stephan's Department Store, 21-23

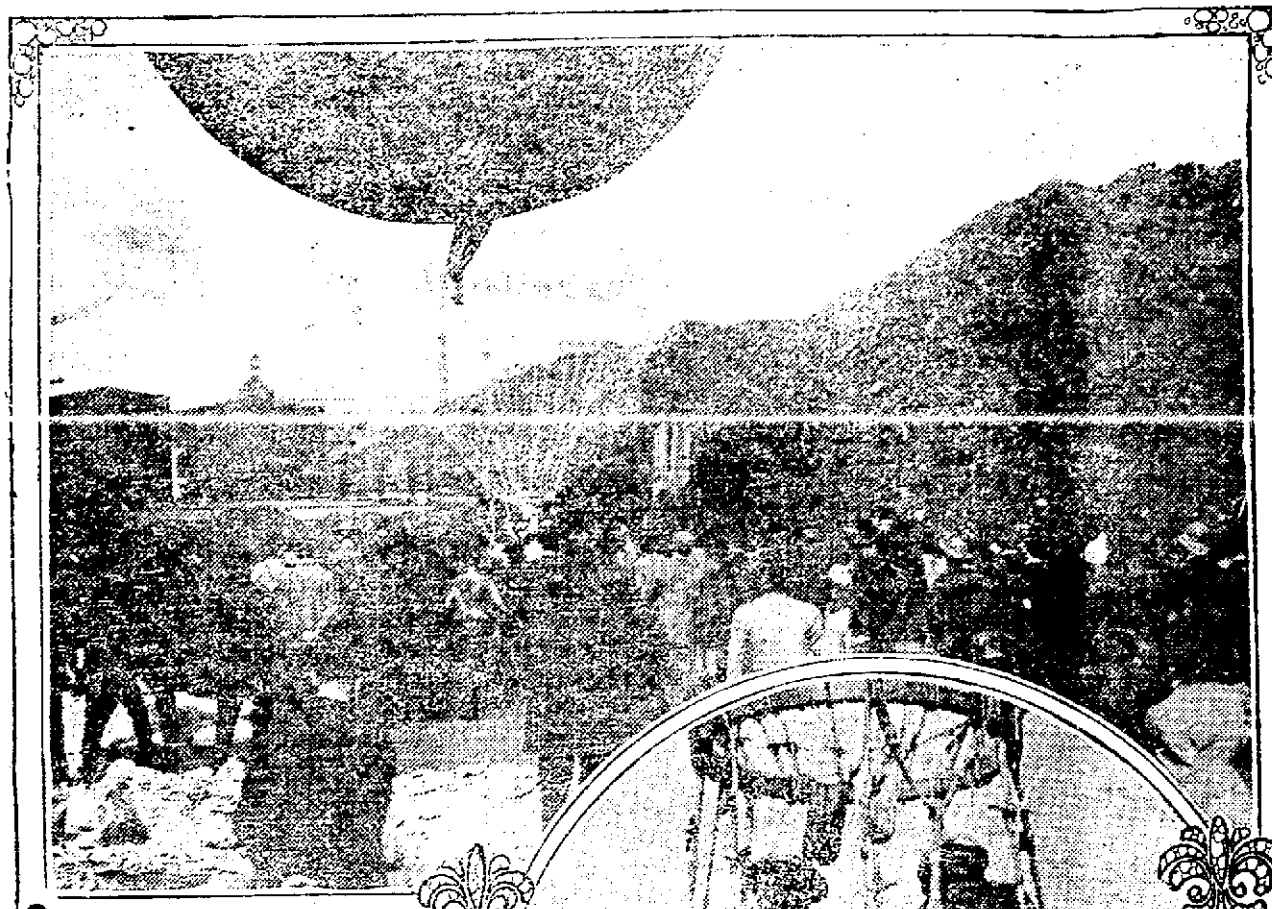

NOTICE TO BIDDERS.
Bids will be received at the office of the Board of Deputy State Supervisors of Elections of Licking county, Ohio, on Monday, Oct. 28, at 12 o'clock, noon, for the printing of the alphabetical list of registered voters of the various wards and precincts of Newark.

By order of the Board.
J. HOWARD JONES, Chief.
MICHAEL SACHS, Clerk. 15-10

NEWARK BUSINESS COLLEGE.
Day and Night-Up-to-date courses in all Commercial Branches. Reasonable rates. Lansing Block, 9-3017.
S. L. EBBENEY, Principal.

Von Moltke, the great German general, would never begin a battle on a Friday.

AMERICAN AERONAUTS START ON SECOND TRIAL TRIP IN ST. LOUIS.

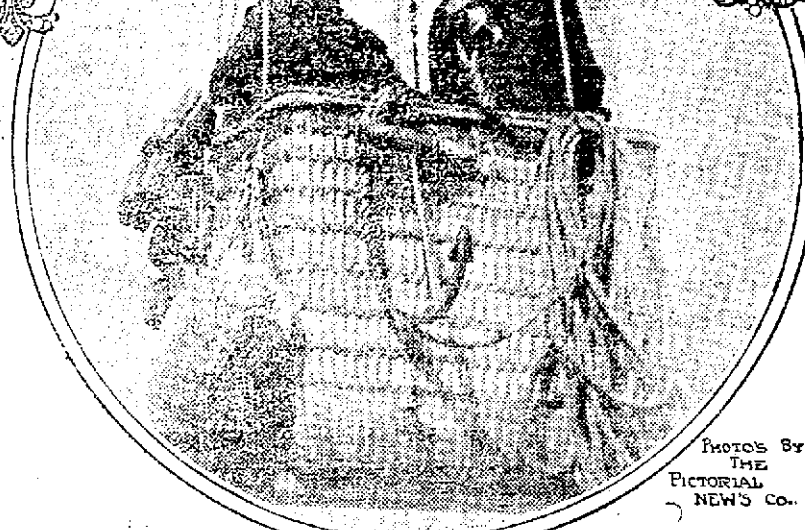

THE PSYCHE ABOUT TO ASCEND

NAVIGATION

Of the Air on an Entirely New Principle Now Seems an Assured Success.

Paris, Oct. 21.—A new principle for aerial navigation with heavier-than-air machines has been employed in some recent experiments and gives promise of large results. Instead of using planes on the box kite principle, driven by a vertical propeller, rotary horizontal planes are used. In other words, the gyroscopic principle is employed and the machine is called the gyroplane. Longitudinal motion is obtained by the force of gravitation by allowing the machine to dip and glide on its planes in the same way that heavy birds soar. Count De Lambert believes that this is the true solution of aerial flight, but the honor of constructing the first machine on this principle belongs to Louis Breguet. He has built a machine in the general form of a Saint Andrews' cross, each arm having at its extremity eight revolving paddles, or propellers, slightly inclined. These paddles present a total surface of 25 square metres and are revolved by a 40-horse power motor at the center of the cross, where the pilot sits. The total weight of the machine is 575 kilograms. In the preliminary trials the machine left the ground instantly when the motor was set in motion and was easily sustained in the air with 78 revolutions a minute. When the motor was slowed down the gyroplane descended gently. Perfect equilibrium was maintained. The longitudinal flight has not yet been attempted, but the inventor thinks it will be easy to make 75 kilometres an hour.

Bryan in New York.
New York, Oct. 21.—W. J. Bryan is in New York this week. The guest of the New York Progressive Democratic league. His first speech is in New York city Monday. On Tuesday he will speak at Troy and Schenectady, on Wednesday at Oswego, Thursday at Rochester, Friday at Buffalo, and Saturday at Elmira.

J.C. MCCOY AND CAPTAIN D.P. CHANDLER ASCENDING IN THE PSYCHE TUESDAY AFTERNOON.

IT WORKS WONDER!
Extremely Extraordinary Are the Cures Being Daily Performed By Vital Magnetism.

This Marvelous Power in Healing the Sick is Daily Astonishing Our Citizens.

The Office of This Young Magnetist is Daily Thronged With Patients From All Parts of the County.

The Reduced Price of Treatment Ends This Week, After Which the Regular Fees Will Be Charged.

The remarkable advancement by the "Boy Phenomenon" in the science of magnetic healing continues to attract crowds of anxious and afflicted people to his office at the Warden Hotel. His wonderful success has spread like wild fire among those who have given up all hope of ever being well again, and they are, by scores, availing themselves of this miraculous power and gift of healing, which has proven to be the surest, quickest and most reliable means of cure ever offered.

forced a long suffering public. It seems there is no kind or variety of disease which is not greatly benefited or entirely and permanently cured by this gifted magnetist. Every name, nature and condition of disease that all other physicians have given up as incurable, seems but as play to him, for he is so strongly endowed by nature with such great magnetic power that he is able to break up congestion and cure most obstinate chronic diseases sometimes, with only a few treatments.

His patients are numbered among all classes of people, the rich and the poor, the educated and the ignorant, the intelligent and refined. People with the most profound reason have given up their prejudices, been convinced and are now profiting by what they have seen and know to be facts. Having thoroughly realized the folly of waiting and suffering weeks, months and even years with disease which could as well be cured in a day, reason and judgment, in place of experiment and theory have taken the helm and guided them to the invincible power of magnetic healing, which is the active principle of all life, action and health-giving force.

The most astonishing and truly remarkable cures which he absolutely performed in public before over 2,000 of Newark's most prominent citizens, and the great number he is treating daily at his private parlors, at the Hotel Warden, speak louder, and more convincing than words of the mysterious skill he possesses. His cures are certainly as lasting as they are miraculous and were they performed at any previous period of the world's history they would surely be considered miracles indeed.

To see and to know positively that this young man is of a verity, curing all manner of ailments simply by the transference of his surplus magnetism, and that in the most incredible short space of time, is creating an exciting episode in the city. Almost every train coming to Newark brings some suffering, afflicted man or woman to him, and to witness the delight of these people as they return to their homes, renewed beings in the possession of new life, health and energy is certainly the opportunity of a life time and is profoundly appreciated and widely commended by an intelligent public.

While he will remain in Newark at the Warden Hotel several weeks longer, no new cases for treatment will be taken at the present reduced prices after this week. Therefore those who wish treatment at the present low prices must apply at once. Office hours 10 a. m. to 5 p. m. daily except the Sabbath, and 7 to 8 evenings.

NEW PAPER FOR LONDON.

American Style and Reporters to Be Used in Educating Englishmen.

R. S. Barrett, proprietor of the Daily Record of the City of Mexico, upon landing at New York the other morning from the steamship Finland said that he had decided to establish in London a newspaper "along the lines of the up to date American dailies." He would import for his purpose, he explained, reporters trained in American journalism. Mr. Barrett is an American. He has conducted his Mexican newspaper for some years, says the New York Post.

"I do not think that the English reading public is as yet ready to receive the kind of paper I expect to publish," he said. "Their newspapers are heavy and ponderous, and I am of the opinion that it will take a long period to educate them to like the American style of journalism. My paper, therefore, will depend at first upon the patronage of summer tourists, who flock to London in large numbers in the summer and will be glad to find there a newspaper of the style to which they are accustomed. In the winter American tourists come to Mexico. Until I am well started in London I shall divide my time between the two cities, depending in both places for the patronage of the American visitor."

English papers were described by Mr. Barrett as far behind ours in their manner of handling news and advertising.

"They have not as yet adopted the telephone as a means of transmitting news," he said, "and in other respects their methods are crude. The telephone systems of English cities, by the way, are in about the same stage of development that those of the United States had reached ten or fifteen years ago. The service is slow and poor."

"The English reporter takes his time about getting a story and must go all the way to his office to write it. He knows nothing of the rapid fire editions such as are to be found in New York and other large American cities."

AUTOS ON KANSAS FARMS.

Farmers' Wives Learning to Use the Machines.

The motor is taking the place of the horse and buggy in the country, according to a Salina (Kan.) correspondent of the Kansas City Star. The farmers' wives are learning to use the machine. It is not an uncommon thing to see a motor car loaded with garden truck driven by a woman on its way to market.

A few mornings ago a snapshot was taken in Salina of two runabouts from the country that had been used to market the products of the farm. Mrs. Frank Brendle brought to market a load of garden truck. When she reached the market she found her neighbor, Mrs. H. L. Center, there with a runabout load of chickens and eggs and accompanied by her little girl. Mrs. Brendle says she uses her machine for many things. She runs about over the country by herself, visits her neighbors and looks after the several Brendle farms.

"I use my machine for everything about the farm," said Mrs. Center. "I go to the pasture in it and bring up the cows. I visit my neighbors, and I come to town in it."

Mrs. Center says she has one cow that does not drive well. She overcomes this difficulty by putting a rope about the animal's horns and tying her to the back end of the motor car.

There was a time when the motor car agent spent his time with the country merchant, the banker and the professional man. The agent spends almost as much time with the farmer now as he does with the townsman. Fifteen or twenty machines are owned in Salina county by farmers.

KISSES FOR YACHTSMAN.

Girls Embraced Winner of Boat Race When He Disembarked.

"Oh, you dear man, you won!" ecstatically cried a young woman on the boat of the Norwalk (Conn.) Yacht club the other afternoon, says a special dispatch to the New York World. "You won! The Sheveril won! Take that—snack—kiss—'Take that—kiss—'Oh, you dear, good skipper!" That was not all of the red lipped reward that met Dr. Walter T. Stromeier of New York the other day at South Norwalk. A dozen girls embraced him when he landed from his boat and in a youthful frenzy, animated by rivalry, clucked their arms around him, and some kissed him.

Please understand that Hickory Bluff and Bell Island are rival but undivided sections of a happy New York summer colony at South Norwalk, and the crack boats of each colony were matched in a race. The Sheveril represented Hickory Bluff, and it was her defeat of the crack Osprey of Bell Island that gained Dr. Stromeier sweet reward.

Fishing With Electric Light.

Bud Ashlock of Elizabethtown, Ky., who is one of the best fishermen in that section or any other section, is fixing to scoop up all the Elizabethtown sports who use the reel and line thereabouts. He has a new contrivance which he thinks is sure to catch them, says the Elizabethtown News. A small wire runs through the eyelets on the pole down the line to just below the hook, where a small electric light is attached. The wire is connected on the bank with a small portable battery. When the line is dropped into the water the light is turned on and attracts all the fish for fifty yards around. Of course the first one to see the wriggling minnow takes the cork under, and the fish is landed. Everybody is waiting now to hear from Bud when he goes fishing.

You will recognize Arbuckles' Ariosa Coffee in the cup, any time, by the taste. That "taste" identifies it as the straight, pure Brazilian and distinguishes it from the make - believe Mocha and Java, and sundry other misbranded or misnamed impostures.

The improvement in the quality of Ariosa is the natural consequence of our own commercial development, and promises more for the future. Sold in a sealed package only, for your benefit.

ARBUCKLE BROS., New York City.

GEORGE MOORE

BROUGHT BACK TO NEWARK AND PLACED IN THE COUNTY JAIL.

He Told the Advocate That He Could Not Resist the Desire to Come to His Home.

Deputy Sheriff Charles Hindel returned from Urbana Saturday evening, bringing back George Moore, who was arrested by police officers in that city for train riding. Moore gave Mr. Hindel no trouble whatever and was as docile as a lamb.

Mr. Hindel was treated royally by his brother officers of Urbana, being driven all over the city by the chief of police and shown through the different industries. He landed with Moore at 9:20 and George will remain in Sheriff Redman's care until his case is settled by the court.

An Advocate representative called upon Moore Monday morning and had quite a little interview with him.

Moore is rather a good looking young fellow and has had the build of an athlete. He looks as strong as an ox, and stated that since leaving the jail so unceremoniously on the third of October of 1906, he has enjoyed good health and had seen considerable country.

"After taking French leave," said George, "I made by way direct to St. Louis, and decided that I would strike for a new country. I kept going until I reached El Paso and procured a job at railroading. I couldn't get along with the 'Greasers' and didn't stick there long. You see up in that country all the laborers are mostly Mexicans or half breeds, and it didn't suit me. I have no use for a 'Greaser'."

"I came back to Joplin and got a job firing. Wages were good and the first month out I made \$140. That wasn't half bad, and I ought to stick there. I got to thinking about home and my old grandmother, and could not resist the longing that came over me, and as a consequence I headed for my old home."

"I traveled and worked under the name of Smith, and had I been anxious to keep out of the law's clutches would have destroyed that letter on my person, which I had received from my grandmother. But I tell you she is getting old and I wanted to see her. Why, if she had died I wouldn't have hesitated for a moment, but would have come back and given myself up."

"I know that I have been bad and have had trouble, but I ain't so awfully bad as some people would have you believe. I don't think they have anything on me and even if they do prove me guilty of the crime with which I am charged I'll take my medicine like a little man."

Moore informed the reporter that he really was glad to get back and face the music. He has great hopes of an acquittal and thinks the state will be unable to make a case against him. He admitted, smiling when he did so, that he had sent back several post cards with his photo on them.

If his case is not reached by this term of court, he will be forced to spend the time in jail until the next session, which will be in January next.

The late Thomas Bailey Aldrich was not only a member of the Players club, but he was a member to whom the organization owes its name.

Quick growing vegetation is a great trouble to railway companies in South Australia. Some \$30,000 a year is paid for removing weeds from the roadway.

TO CURE A COLD IN ONE DAY
Take LAXATIVE BROMO QUININE Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c. m-lf

Difficult Breathing

Short breath, fluttering, palpitation, sinking spells are symptoms of a weak heart, struggling to do its work. It must keep the blood in circulation to carry nourishment to make flesh, bone and muscle, and remove the worn-out particles. When it cannot do this, it must have help. Dr. Miles' Heart Cure gives strength to the heart nerves and muscles, and increases the heart action.

"I am glad to say that I am so much improved in health. Dr. Miles' Heart Cure cured me when several doctors failed. I think no other medicine could do for me what Heart Cure has done. My case was bad, bad as it could be at times. I had difficulty in getting my breath, my heart beat so fast at times that I thought it impossible to live without relief; the pain was very severe in my left side, and my nerves were all unstrung. I had almost given up all hope of being cured, and I am sure I would not, if I had not taken the Heart Cure. I take great pleasure in recommending Dr. Miles' remedies to all who suffer with heart disease."

MRS. MARY C. HAHLE, Sullivan, Mo.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

Silent Circle Meeting.

The Silent Circle of The King's Daughters and Sons will meet at the home of Mrs. G. O. White, 251 West Locust street, Tuesday evening at 7:30 o'clock.

Registration Days.

There will be only two registration days this year, next Friday and Saturday, October 25 and 26. All who have moved since last year into another precinct, must register.

Mission at St. Francis de Sales.

The services at the mission of St. Francis de Sales church begin this evening at 7:30 o'clock. The sermon will be preached by Rev. Otto Von Lintel of Millersburg. All are invited.

Buys Lavin Property.

Mr. W. D. Fulton has brought the Mrs. Mary Lavin homestead on East Church street, the lot being 50x100 feet in size. Mr. Fulton is planning to erect a three-story brick apartment house in the spring on this lot.

Editor for Mayor.

At a citizens' mass convention held at Marietta, Ben. J. McKinney, editor of the Marietta Times and ex-chairman of the state Democratic committee, was nominated for mayor of the city on a platform favoring the enforcement of the liquor laws and the total suppression of public gambling.

Disorderly House.

Mrs. Leora Hedrick appeared before Mayor McCleery Saturday, and filed an affidavit against Grace Newberry, living on East Main street, charging her with keeping a house for immoral purposes. Miss Newberry was arrested Saturday night by Officers Shively and Greely, and at her hearing was released on bail in the sum of \$25.

Cruelty to a Dog.

The two Soder boys, the two Fire-eagle lads and Angle, Myers and Smoots, other youngsters, living near the canal, who were arrested on a warrant sworn to by Charles Chester, who charged them with stoning his dog, were given their trial in police court Monday. Each was fined five dollars and costs, but were released on good behavior. However, they will have to pay the witness fees.

Bob's Parole Turned Down.

The board of managers of the Ohio state reformatory Saturday granted 95 out of 167 applications for parole. Among those granted leave to go at once are the names of George Penney and Peter Strear, sent up from this county. It is said that Robert C. Lingafelter had an application in asking that he be paroled, but his name did not appear among the lucky ones.

U. S. V. Meeting.

On Wednesday evening, October 23 at the regular meeting of Sam Williams Camp No. 23, United Spanish War Veterans, arrangements will be made for a series of entertainments during the winter months, also a committee will be appointed for the purpose of organizing the "Order of the Serpent." Every member of the camp should make arrangements to be present. Cliff H. Rosebrough, Commander.

An Important Arrest.

An important capture in police circles was made by Chief Sheridan and Officer Dan Hamilton Saturday evening. The chief had been warned to keep an eye open for Ernest Ashley, engaged in canvassing for the enlargement of pictures and wanted in Cincinnati for grand larceny. The man was located in a rooming house on Eddy street and when taken before the chief admitted his guilt, saying that there was no use denying it. An officer from Cincinnati arrived on Monday afternoon and took Ashley back with him.

Fireman's Arm Broken.

Ernest Toby, a freight fireman on the B. & O., had an exceedingly narrow escape from serious injury Sunday morning while his train was at Butler. Toby had gotten down from the engine cab and was standing beside the locomotive when No. 7, the fast Chicago bound passenger went past on the main track. In some manner he was struck by the engine and while not knocked from his feet or bruised in any way, his right arm was broken. He returned to this

MOTHER IS AGAINST DAUGHTER. BROTHER AND SISTER AT WAR.

MRS. CHARLES WELLINGTON RAND.

New York, Oct. 21.—Mother and daughter are turned against each other and brother and sister are at war in the suit which has arisen over the estate of the late Hiram Higgins, of Los Angeles, Cal., on account of the effort to break his remarkable will.

Mrs. Charles Wellington Rand, Mr. Higgins' daughter who divides her time equally between the Holland House, in this city, and Lower California, will leave this week for the Pacific Slope, where she will be the principal figure in a strange drama of human nature.

city on No. 4, and was taken to the Sanitarium in the ambulance of Criss Bros. & Jones.

New City Scales.

E. A. Forsythe has completed the installation of the new city scales on South street for the board of service and they are now ready for use.

Y. M. C. A. Boxing Club.

The boxing and wrestling clubs of the Y. M. C. A. for men 18 years of age or over, are being given special attention by the physical director. Each class is progressing nicely. The boxing club meets on Monday evening at 7:30 and the wrestling club at the same hour on Thursday evening. In each instance bouts and contests will be given and later on, perhaps about January 1, will occur an open contest for the local championship.

ADVICE TO RHEUMATICS

Noted Physician Tells How to Prevent and Cure Rheumatism, Kidney and Bladder Troubles.

[By Geo. Edmund Flood, M. D.] If you would avoid rheumatism, kidney and bladder troubles be moderate in the consumption of heavy, rich foods, substitute as far as possible soups, broths, fresh milk, and drink water—lots of water. Take plenty of time to eat, and don't eat after you have had enough, even if it does taste good. If your work is confining take a moderate amount of exercise each day in the open air.

Of course, neither diet, water, rest, nor exercise will cure these afflictions. I advise them as preventives only. For the benefit of the readers of this article who are now afflicted with rheumatism, kidney, bladder or urinary troubles, and desire to be cured quickly, I give below, complete in every detail, the famous prescription which has made me so successful in the treatment of these diseases. It is the most certain cure that I have ever used. It is pleasant to take, it is not expensive, can be filled by any druggist, and, I believe, it is the greatest prescription for rheumatism, kidney and bladder troubles ever written. If you are a sufferer, save this, take it to your druggist and have it filled, or better still, get the ingredients yourself and mix them at home by shaking them up in a bottle:

Fluid Extract Cascara Aromatic. . . ½ ounce
Concentrated Barkola Compound. . . 1 ounce
Aromatic Elixir. . . 4 ounces
Adult dose, take one teaspoonful after meals and at bedtime; children, one-fourth to one-half teaspoonful after meals.

After you are cured follow the advice I have given you in regard to diet, exercise and water, and you will not need the services of a physician again for these ailments.

Note.—Other papers are privileged to copy.

Although she receives an income from the estate of her father, Mrs. Rand has offered to divide it equally between her brother and her mother of they will desist from their attacks on the will, which she considers imposes upon her a sacred trust. She resolutely refuses to consent to becoming a party to the contest. If she joined her relatives she would win at least \$100,000 for herself, for the will provides for a 20 years' trust for her children and brings to her personally no more advantage than it does to her mother, from whom she is now estranged because of its peculiar provisions.

visit with Mrs. O. J. Riggle at Mt. Sterling.

Mr. Dennis Salmon of Utica was in Newark, Saturday.

Mr. O. M. Hiatt of Johnstown was in Newark, Sunday.

Mrs. David Ralsin of Stansbury street is suffering from tonsillitis.

Mr. and Mrs. T. S. Briggie of Fredricktown was in the city, Sunday.

Mr. Jacob Dubinski of Mt. Vernon was in the city today on business.

Messrs. Ed Bell and George Metcalf of Mt. Vernon were in Newark Monday.

Mr. William A. Silcott of Mt. Vernon was in the city today on business.

Mrs. Louis Seiler of Utica, N. Y., is here to attend the Mathews-Seiler wedding.

Mr. and Mrs. J. E. McClelland of Zanesville, spent Saturday in this city with relatives.

Mr. House and daughter of Hebron were guests of Mr. and Mrs. T. D. Laurence, Sunday.

Mr. Emmett Riley, a catcher on the Mansfield O. P. league team, is visiting Mr. Fred Seiler today.

Mr. E. L. Parker of Mt. Vernon, a travelling salesman for the Crossett shoe, was in Newark, Monday.

Mr. and Mrs. Rhoeinhilt of Dayton are in Newark to attend the Mathews-Seiler wedding Tuesday night.

Dr. D. M. Smith, Messrs. Fred Seiler and William Charles are in Columbus this afternoon on business.

Mr. Harry Matthews of Wellsburg, W. Va., is here to attend the Mathews-Seiler wedding tomorrow night.

Mr. and Mrs. C. M. Mock of Zanesville spent Sunday with the former's brother, E. J. Mock, in this city.

Mr. Jacob Graef, who has been ill for two weeks at the home of his son, William, on Clinton street, is weaker today.

Mr. R. Rhoeinhilt of Dayton, who is here to attend the Mathews-Seiler wedding is duck hunting at Buckeye Lake.

Election day this year falls on Tuesday, November 5th. There will be but two registration days, Oct. 25 and 26, in Newark.

Miss Ada Pryor and Mrs. William H. Francis of Nashport attended services at the Fifth Street Baptist church Sunday.

Miss Ella Scott of East Church street, spent Saturday and Sunday at Chatham, the guest of the Misses Pearl and Myrtle Lee.

After a pleasant visit with her cousin, Miss Josephine Anderson, in Wheeling, W. Va., Miss Anna Anderson has returned home.

Mrs. U. O. Stevens of 266 Hudson avenue, who has been very ill for some time, is still confined to the house, but is reported as some better.

Mr. and Mrs. James Cooksey of Sixteenth street, and Elder Wellington Shoemaker of Ashley, O., were the guests of Mrs. Louise Shacklet, Sunday.

NEWARK NEWS 25 YEARS AGO

OCTOBER 20.
Hezekiah Sprague, the oldest business man in Newark is quite sick at his home "Spring Hill."
Newark sent a large delegation to Columbus today to attend the Democratic jollification.
We stood on Church street today and counted over \$22,000 in new buildings that have been erected this season.
Marriage licenses: S. F. Trout, Hannah Case; Louis L. Edman, Emma Patterson; Frank Gilbert, Emma H. Thomas; Thomas G. Thornton, Annie E. M. Hull; Mathew Thor, Mary Ida Hull; Samuel Miles, Hattie Seward; David D. Wilson, Amanda H. McCarey.

OCTOBER 21.
A Northern Pacific coach is at the B. and O. depot loaded with minerals and agricultural products from the country through which that railroad runs.
The streets of our city presented quite a metropolitan appearance today.
The Newark Bucket manufactory is again in operation. The factory has a capacity of 10,000 buckets a day.
The big Democratic jollification is to be held tonight. Four bands will furnish the music, fireworks will be set off, stands have been erected for the use of the speakers. The committees are composed of: James F. Lingafelter, Judge Waldo Taylor, Will Young, I. R. Hill, M. M. Miller, I. B. Riley, J. R. McCulloch, Judge Allen, C. T. Dickinson, Judge Hunter, Judge Faucett, Hon. G. Atherton, Judge Allen. The speakers of the evening will be: Hon. Levi Burgess, Hon. Geo. L. Converse of Columbus, Hon. J. H. Booth of Columbus; Judge Charles Follett, Hon. Gibson Atherton, Judge Samuel M. Hunter.

OCTOBER 21.
A Northern Pacific coach is at the B. and O. depot loaded with minerals and agricultural products from the country through which that railroad runs.
The streets of our city presented quite a metropolitan appearance today.
The Newark Bucket manufactory is again in operation. The factory has a capacity of 10,000 buckets a day.
The big Democratic jollification is to be held tonight. Four bands will furnish the music, fireworks will be set off, stands have been erected for the use of the speakers. The committees are composed of: James F. Lingafelter, Judge Waldo Taylor, Will Young, I. R. Hill, M. M. Miller, I. B. Riley, J. R. McCulloch, Judge Allen, C. T. Dickinson, Judge Hunter, Judge Faucett, Hon. G. Atherton, Judge Allen. The speakers of the evening will be: Hon. Levi Burgess, Hon. Geo. L. Converse of Columbus, Hon. J. H. Booth of Columbus; Judge Charles Follett, Hon. Gibson Atherton, Judge Samuel M. Hunter.

Oct. 20 In History.

1482—Charles VI. of France died.
1746—Jonathan Dean Swift, poet, wit and political writer, preacher and scholar, died; born 1667.

1784—Henry John Temple, Lord Palmerston, was born; died 1865.

1823—Thomas Hughes of "Tom Brown" was born in Berkshire; died 1896.

1894—James Anthony Froude, the leading British essayist and historian of the times, died in London; born 1818.

1899—Battle at Glencoe, Natal; British loss, 211, including General Symonds, mortally wounded.

1902—The anthracite coal mine strikers abandoned the strike which began May 12, 1902.

1904—End of the battle of Sha river, which proved a draw. Combined losses estimated at 40,000 to 60,000 killed and wounded.

Oct. 21 In History.

1687—Edmund Waller, British poet, died.

1757—Marshal Augereau, made duke of Castiglione by Bonaparte, born; died at Paris, 1816.

1771—Tobias Smollett, English novelist, died; born 1721.

1772—Samuel Taylor Coleridge, British poet, born; died 1834.

1865—Asahel Clark Kendrick, D. D., LL. D., noted Greek scholar, died at Rochester, born 1805.

1890—Battle of Elendlaagte, South Africa; British and Boers lost heavily.

1900—John Sherman, ex-secretary of state and a leading Republican statesman, died in Washington, born 1825.

1904—The Russian Baltic fleet fired upon English fishing boats in the North sea, sinking one and killing or wounding several fishermen.

1905—Centenary of the naval battle of Trafalgar and the death of the British commander, Lord Nelson, observed in the British dominions.

One not knowing Herbert Atherton would think by reading the American Tribune and no other paper, that he intends, if made mayor of Newark, to let gambling and riotous living go unnoticed and unexpressed, but what are the facts? Mr. Atherton has given his word over his own signature that he will enforce the laws against gambling and slot machines, will preserve order in the

NATIONAL BISCUIT COMPANY

A FEW INTERESTING FACTS CONCERNING WATER WORKS PLANT SHOWING WHAT HAS BEEN DONE

city every seven days of each week, will strictly enforce the midnight closing ordinance and will by no means make Newark a "wide-open" town.

Does Mr. Randolph imagine that he has deceived anybody by his refusal to declare his position on Sunday baseball? Does he think that saying the ball park is beyond the city limits will make anybody believe that he has no jurisdiction in the matter? The Advocate has quoted the law governing the powers of the mayor, but perhaps Mr. Randolph may feel that silence is golden and that by keeping still he will gain votes from both the friends and opponents of baseball.

The state examiner pays a high tribute to the work of Frank T. Maurath, who keeps the books and records of the City Auditor's office in admirable form. The city should not dispense with the services of such a man. Vote for Frank Maurath for auditor and you will make no mistake.

Wonder if Mr. Heinze's trouble is one of the 57 varieties?

A. P. Taylor, "Lonny" Taylor, is the way his friends address him, is the party's candidate for city treasurer. As secretary and treasurer of various societies and as an expert bookkeeper, Mr. Taylor has established a splendid reputation. He can be relied upon absolutely, and is an ideal candidate.

It would be hard to find a man who could preside over the deliberations of the city council more efficiently than Harry Rossel. Vote for Mr. Rossel on November 5.

Robert W. Howard has lived in Licking county all his life and for years has been engaged either in teaching school or practicing law. Mr. Howard as a member of the State Legislature would ably represent his county and would always have in mind the best interests of his constituents.

Keep your eye open for the St. Louis balloon. It may pass this way.

Stanley French of New York, is in the lime light, and his honesty is responsible for it. French, turfman, while "dead broke," found a roll of bills amounting to \$9,500 in a train. Fifteen hours later he returned the money to its owner, Henry McDaniel, a trainer of horses, and the horseman gave French a thousand dollar bill. It pays to be honest, and in this case Mr. McDaniel could well afford to be liberal.

"On suspicion has been written after many a name on the Newark city prison police slate, but hereafter no person in Ohio shall be arrested merely on suspicion. This is the degree of the circuit court in

The city's original waterworks contract provided for the expenditure of \$265,000 and the water system, if that contract had been carried out, would have consisted of a powerhouse equipped with engines, pumps and other necessary apparatus, together with 24.22 miles of water mains.

The council had appropriated \$300,000 for building the new plant and the former board of public service contracted with the American Light and Water company to construct a system of waterworks that would afford fire protection to the greater part of the city and yet have a balance of \$35,000 out of the original bond issue of \$300,000.

Very little work was done before the old board of public service went out of office, and the present board came in. The new board wasted a year, incited lawsuits against the city and spent the time in finding fault with what the old board had done by giving out sensational statements to the newspapers. The present service board then modified the contract in some particulars and the contractors proceeded with the work which has about been completed.

Now let us see what the present board of public service has done. Let us compare results, for results are what the average taxpayer cares about.

The city now has an incomplete system consisting of a powerhouse, equipped with engines, pumps, etc., and about 19 miles of pipe with the necessary valves and fire hydrants and the total cost has been so far \$300,000.

Had the original contract been carried out, the city would have had a powerhouse complete with engines, pumps, etc., and over 24.22 miles of pipe with the necessary valves and fire hydrants at a total cost of \$265,000.

The difference is \$35,000 in increased cost and about 5 miles of pipe not laid. What has become of that \$35,000? And what about the 5 miles of pipe not laid?

The men who occupied a whole year in criticizing what their predecessors had done and who after that altered the contract so as to spend \$35,000 more money and yet get less miles of pipe laid are asking for re-election. Are they deserving of the public confidence.

Columbus. In a specific case Judge Dillon came to the conclusion that the ordinance under which the police were acting was unconstitutional, and now the circuit court finds that the common pleas court was correct.

Frank Bolton has been tried and has proved to be the right man for City Solicitor. He has shown himself to be capable, painstaking and popular as City Solicitor. Of course the people will give him a second term.

Miller, Roesel, Keller—These are the Democratic candidates for School Board. Vote for them by placing an X mark to the left of each name on the ballot. Be sure to vote for three and no more, unless you want to lose your ballot. The names of the Republican and Democratic candidates will appear upon a single ballot, without a rooster or eagle to guide you.

Next Friday and Saturday will be registration days in Newark. There will be no opportunity to register this year save on those two days.

These days make one think of Christmas and the shopping attendant upon the holiday season. The Newark merchants are anticipating a brisk holiday trade and they are

num. The Southern writer and speaker has been a warm friend of the New York Congressman-publisher for years. Mr. Hearst is to be congratulated for securing the services of this able man.

Wizard Edison now has a plan for building a three story house in a day for \$1000. It is built of cement, will be absolutely fire-proof, and will last forever. When this method of building becomes popular it will be tough on the insurance companies, but it may help solve the lumber problem.

A man may paint the town red at night, but it's always a dark brown taste that's left in the morning.

Herbert Atherton will not try to suppress baseball if he is elected Mayor of Newark. Mr. Atherton believes that baseball is a clean sport that should be encouraged and he thinks the men who are obliged to work six days in the week ought to have the privilege of seeing a game on Sunday if they want to. He will insist upon the maintenance of strict order at the ball park, as in every place in Newark.

Now to be honest, doesn't it appear to be a trifle incongruous for the American Tribune to inject the temperance issue in this campaign?

While blindfolded, Miss Rose Fritz, champion typewriter, wrote from dictation last Saturday in New York, an average of 97 words a minute for 30 minutes, thus establishing a new record. And yet Miss Fritz is not a "fast" girl by any manner of means.

A CURRENCY DANGER.

(Saturday Evening Post.)

"He sucks eggs the same as I do, only he hides the shells," said a distinguished Missouri politician of his eminent opponent. We are reminded of it, at this late day, by reading a solemn warning that the Democrats must not be intrusted with government, because they then might indulge their wicked proclivity to tamper with the currency.

So soon do people forget. When the Harrison administration came in it found the Government embarrassed on the one hand by an act requiring the Treasury to purchase two million dollars of depreciating silver monthly, and, on the other, by a redundant revenue produced largely by high tariff. The House proposed to lower duties; but the truly conservative Senate would not listen to that. Its idea was to decrease revenue by raising duties almost to the prohibitive point. As usual, senatorial conservatism prevailed, the result being the McKinley bill. But that bill could not be passed except by co-operation of the silver Senators. To buy their consent to a 49 per cent. tariff, the act was passed which required the Treasury to purchase 4,500,000 ounces of silver monthly, when the purchase of two million dollars a month had already proved an embarrassment and a potential source of danger. Indeed, the Republican Senate, to get silver votes for the tariff bill, actually proposed free coinage of silver. Proposed by Bryan somewhat later, without the sanctifying accompaniment of an increase in duties, this was considered abominable.

So soon do people forget. We do not fear that the currency will suffer from Bryan. What a Republican majority might do to it when it came to dicker for tariff votes is a matter for thoughtful speculation.

John Temple Graves, the distinguished editor of the Atlanta Georgian, has just accepted the editorship of William Randolph Hearst's New York American, according to a telegram from Atlanta Sunday. According to report Mr. Graves is to receive a salary of \$15,000 per annum.

REGISTRATION DAYS.

There will be only two registration days in Newark this year, the dates being October 25 and 26—next Friday and Saturday. One who is already registered in the precinct in which he lives need not register again this year, but new comers and those who have changed their place of residence since the last election must be properly registered in the precinct in which they live in order to vote.

OLD MOTHER HUBBARD

Old Mother Hubbard she went to the cupboard and found it unpainted and bare. Now I'll make this look nicer, Spartan Stain she did buy sir, and she painted that cupboard with care. Spartan Stains can be used by anyone. Made by The Marietta Paint and Color Co., Marietta, O. Sold by Newark Paint Co. 31 West Church street.

Fortune Ranges at Kellers.

Men's Regal Shoes

This Handsome Patent Leather Button Shoe is entirely suitable for wear on all occasions whether formal or informal. The last over which it is built has several noticeable features that make it a favorite shape among young men who want what is new and distinctive in dress. The toe is narrow and is quite high, sloping directly to the point as shown by the outline sketch of the side view. The vamp is cut from custom grade Chrome Tanned Patent Calfskin, pliable and highly finished. The top is of Matt Calf with a dull finished surface. The flat tread extension sole is of Oak Bark - Tanned leather, with edges trimmed spade shape, and it carries a military heel. Inside lining of mercerized duck, button holes worked in Japanese silk and black kid, facing to the button fly, also contribute to the custom finish of this model.

Williams' Kidney Pills.

Have you neglected your kidneys? Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you pains in loins, side, back, groins and bladder? Have you a flabby appearance of the face, especially under the eyes? Too frequent a desire to pass urine? If so, Williams' Kidney Pills will cure you. Price, 50 cents. Sold by R. W. Smith, Newark.

BRILLIANT CLOSE OF THE CAMPAIGN

The great campaign which is being waged in Columbus will be brought to a close with one of the biggest political demonstrations ever occurring in the capital city.

Joseph W. Folk, the reform governor of Missouri and a commanding figure in national politics, will close the Democratic city campaign with a speech in Memorial hall the evening of November 2.

The governor of Missouri will reach Columbus at noon. He will be met by a reception committee which will represent the people of the city at large and no merely the Democratic portion of it. He will be escorted to the Southern hotel, which will be his stopping place. At 1 o'clock in the afternoon a reception will be tendered him in the hotel, to which all citizens will be invited. He will speak at Memorial hall at 7:30 in the evening.

Dyspepsia is our national ailment. Burdock Blood Bitters is the national cure for it. It strengthens stomach membranes, promotes flow of digestive juices, purifies the blood, builds you up.

The smallest dog in the world is bred in Mexico.

ATTEMPT MADE TO MOVE BRIDGE NOT SUCCESSFUL

HUNDREDS AT B. & O. TO WITNESS THE BIG ENGINEERING FEAT.

Including Students of Denison and the Newark High School—Will Try Again Tuesday.

The big, new, concrete bridge over the north fork of the Licking river that was to have been moved in 11 minutes this morning, never moved, as the steam cock on the engine blew out and work on the bridge was abandoned for the day. The old bridge was put back into position and another attempt to move the structure will be made tomorrow morning.

Immediately after No. 7, the fast Chicago passenger, passed over the old bridge at 8 o'clock, a gang of section men was put at work tearing up the old bridge. The rails and ties and supports were removed and at 9:11 o'clock Supt. Moore of the Youngstown Construction company, the contractors for the new bridge, gave orders for the engineer to start the engine and take in the slack of the big cables.

The cables, which were stretched around the abutment of the Pan Handle bridge stood the strain, as did the engine, which was solidly roped to the tracks. At 9:14 Moore gave the signal, "All together," and the throttle of the engine was opened. Then the steamcock blew out, the fire was pulled, and the work, as far as the new bridge is concerned, was over for the day.

The section gang was put back to work, and the old bridge hurriedly reconstructed so that traffic would not be tied up.

Supt. Irwin of the B. & O. at this point, said he would not take any more chances today on tying up the road, and another attempt will be made Tuesday to swing the 1000 ton mass of concrete and steel into position in 11 minutes. Traffic will only be blocked for a short time if things go smoothly, and trains will be running over the bridge in two hours.

Division Engineer Dick and Division Superintendent Irwin of the B. & O. and Traveling Superintendent Harry A. Bricker and Superintendent of Construction Harry A. Moore of the Youngstown Construction Co., were early on the scene and watched carefully the work of removing the old bridge and preparing for the new. Everything was in readiness with the exception of a miscalculation as to the length of the bridge. When the new cement abutment of the bridge on the east side of the river was built, it was made a trifle too long and when measurements were taken today it was found necessary to cut several inches off the stone abutment on the west side of the bridge.

This took some time and the hundreds of people that had gathered to see the new bridge moved, grew very impatient. Half a hundred students from Denison university were present, and the High school dismissed the students to give them a chance to see the sight. The Pan Handle bridge and the banks on both sides of the river were crowded with people, all eagerly waiting for the bridge to move.

When the attempt is made tomorrow morning two stationary engines will be used so that there will be no possibility of a fizzle. The representatives of the construction company and the B. & O. officials were disappointed in the failure of this morning, and every precaution will be taken to prevent another accident and the loss of any more time.

Invents New Fire Box.

During the past 10 years constructors of locomotives have made vain endeavors to find some better construction to replace copper fire boxes which are not only costly to maintain but the walls of which have to be sustained by hundreds of bolts and stays. Mr. Brotan, inspector and superintendent of the work shops of the Royal and Imperial Austrian State railway, has now invented a water-tube firebox which has been in use for some time with the very best results.

Railroad Notes.

Division Engineer Dick and Supt. J. F. Irwin were visitors in Mt. Vernon Saturday and inspected the old B. & O. station, which is soon to be remodeled. They also visited the railway yards and will recommend a number of improvements there.

Dr. J. D. Ford of Somerset, has abandoned his office in that city and will locate in Newark.

"Dick" Watson one of the gatekeepers at the Union Station at Columbus, and known by hundreds of Newark people, died at his home in the capital city Saturday. His funeral occurred at Sacred Heart Monday morning and the casket was completely hidden by mounds of flowers, including a blanket of white and lavender chrysanthemums, given by his fellow employees.

A grasshopper can jump 200 times its own length.

"POLITICS AND THE BIBLE"

The Theme of Two Stirring Addresses on Sunday Afternoon.

The Sunday afternoon meetings for men at Taylor hall, conducted by the association, began very auspiciously yesterday. It was a very good attendance for a drizzly cold day, but a much larger crowd would have been present if it had been known what fine program was in store for those that attended.

Rev. Scholes' address on "Politics and Religion," was quite a pleasant surprise. Mr. Scholes stood out strongly for civic righteousness and honestly and fair dealing at the ballot. He ably set forth the great power and educational influence of the ballotbox. He said that politicians frame their policies by the way men vote. We quote a significant phrase, "The ballot is the greatest educational feature in this country—politically."

We are pleased to welcome Mr. Scholes to our community and to speak for him a large and successful work in our midst.

Mr. H. E. Buker, an attorney of Zanesville, gave an exceedingly interesting address on "The Bible in Everyday Life."

It was a novel idea for the committee to ask a minister to talk on politics and a lawyer to talk on the Bible, but the splendid talks given proved the wisdom of the plan. Mr. Buker is a man of affairs, but attested to the power of the Bible in transforming character and the need of every man engaged in its study.

This meeting was planned to secure interest in Bible study and the general secretary reported five classes that were being formed.

Conversation Group.—This class meets every Sunday afternoon immediately following the men's meeting.

The Chi Rho club meets at the same hour, and is designed for high school boys and other boys of the same age. This class will discuss problems peculiar to boys of this age.

The gymnasium men will make a study of "The Bible in Athletic Phrases." This is a class in spiritual athletics studying the many side of Jesus and other Bible characters.

"The Social Teachings of Jesus" is the name of a course in the social problems of the day and a study of the Bible concerning their solution. These two last classes will meet Friday night at six for supper and discussion following.

These classes are all open to the men of the city. Last year there were over 21,000 men studying the Bible in association classes.

OPENING ENTERTAINMENT.

The first number on the Y. M. C. A. entertainment course will be the Favorites next Thursday night. This is a company of all-stars selected from several companies. The company is composed of Miss Alice Carey, a noted violinist. Miss Carey was for three years head of the Alice Carey Concert company. Miss Metta K. Legler, soprano, a singer with a phenomenal voice and expert European training, having studied with Jean De Reszke and Lucian Berton. Miss Gertrude Miller is the beautiful actress-reader. Mr. Ross Hickernell, cornet soloist, is the other member of this star company. He is a true artist and has played with some famous orchestras and starred at Chautauqua, N. Y.

There are a few good course seats that may be secured at \$1.50 and \$1.00. Single admission to the Concert Favorites will be 35 cents.

A CRAZY MAN

Found Eating an Egg, Shell and All. People Are Amazed.

A crazy man was recently found eating an egg-shell and all and it was declared additional proof of his insanity, as every one realizes that the shell of an egg has no food value, and is both indigestible and injurious. It is just as crazy for a sane person to swallow a lot of cod liver oil to get the benefit of the medicinal elements contained therein, as for the crazy man to eat the egg, shell and all.

Scientists agree that the oil or greasy part of cod liver oil has no medicinal value whatever, and only upsets the stomach and retards recovery, but it is the medicinal elements enveloped in the cods' livers and their oil which represent all the tonic and curative power of that famous old remedy.

Vinol contains all the medicinal, curative elements of cod liver oil, but is entirely free from oil, and is therefore, the best strength creator and tonic reconstructor possible to obtain.

The reason Vinol is so far superior to the old fashioned cod liver oil and emulsions is because it is made by scientific, extractive and concentrating process from fresh cods' livers, combining with peptonate of iron all the medicinal, healing, body-building elements of cod liver oil, but no oil.

Vinol is unexcelled to restore health and create strength for run-down, debilitated, tired, overworked people, old people, weak women, nursing mothers, puny, ailing children, convalescents, or for people suffering with hard colds, hacking coughs, incipient consumption and bronchitis. Try it. If it fails we will return your money. Frank D. Druggist, Newark, Ohio.

AMUSEMENTS

HUMPTY DUMPTY.

This makes the tenth year out on the road for "Humpty Dumpty," and millions of people have laughed at this matchless side splitter. This splendid company of fun makers is well recommended wherever they appear. Standing room only is the warning in all towns looked to the doors, beyond about the funniest comedy on the road, three long acts of constant laughter. Bring the whole family and enjoy an evening of pure fun. Get your seats early, else you'll have to go way back and stand up. At the Auditorium tonight.

WHO IS THIS

CAPTAIN OF INDUSTRY

One of the most important figures in the cast of "The Power that Governs," in which Creston Clarke comes to the Auditorium on next Thursday evening is that one named Andrew Oliver Carmichael, who represents a multi-millionaire and trust magnate.

CRESTON CLARKE. In "The Power That Governs."

In creating this role, Adelaide Prince the author, so it is said, took for a model a definite subject, and drew the character upon the lines of a well known captain of industry, who is at present actively engaged in business operations, the results of which affect thousands of people. The opportunities for the study of his characteristics and mannerisms, that was absolutely necessary if his personality was to be produced on the stage with any amount of exactitude, were of course not voluntarily furnished by the subject. But, by much inquiry among his acquaintances, a faithful picture of him, in business hours and at his home, was to be had and it is hinted that Miss Prince spent the greater part of several weeks' hard work obtaining the necessary material. When the manuscript of "The Power that Governs" was submitted to Jules Murry, Creston Clarke's manager, he thought he found in the character of Andrew Oliver Carmichael many points that distinguished the role as a stage photograph of a well known financier and

ORPHIUM THEATER.

MR. BELMONT

Don't miss the well talented bill at the Orphium this week as every act is a feature and a rare treat is in store for theater goers. The bill is headed by Radcliffe and Belmont, the Wizards of the Winchester Rifle, an act that is a novelty, introducing such difficult shots as igniting a match, snuffing a candle and shooting through a small band ring. The accompanying cut is of Mr. Belmont, the world's greatest sharpshooter. Allen and Keeley the comedy sketch team that make you

FRAGRANCE AND PURITY.

There is a pleasant suggestiveness of fragrance and purity in the title of the latest of successful plays, "The Girl of the Sunny South," that is quite refreshing. There is a feeling of sweetness that is all the more welcome after the surfeit of inane and nondescript names attached to plays in order to attract the theatergoing public. There is an atmosphere of Southern chivalry framed in snowy cotton blossoms, hanging around the euphonious title of the latest of successful dramatic offerings, "The Girl of the Sunny South." The play is worthy the title, with its interesting story stirring, climaxes and humorous situations, while numerous specialties and musical features add to the attractiveness of this essentially clever play at the Auditorium on next Saturday afternoon and night.

MACMILLEN, VIOLINIST.

Macmillen, the great American violinist, played his second recital of the London season at Queen's Hall last week. Despite the fact that several European violinists of note are appearing in London just now this young American appears to have taken the lead over them all and is playing to packed houses. In his last recital he used the Bruch and Mendelssohn concertos as his stellar numbers. Mr. Macmillen will appear in Newark at the Auditorium late in November.

SATURDAY'S ATTRACTION.

Probably one of the greatest destinations of the East Side Hebrew of the New York variety is James K. MacCurdy who played here Saturday to good business, both matinee and night. His vehicle, "The Old Clothes Man," is a melodrama pure and simple but a pleasing lot of comedy was mixed in with the thrilling situations. The show went well with the audience and MacCurdy as "Solomon Levi" was an instantaneous hit. His work was good and showed a study of the life and habits of the character he portrayed. Miss Blanche

EMERGED

FROM A FOOTBALL SCRIMMAGE
LAUGHING AND CONTINUED
IN THE GAME.

ALTHOUGH FATALLY INJURED

Kick in the Head Resulted in the
Death of Albert Flowers, Zanes-
ville Youth.

Albert Flowers, left guard of the Zanesville High school football team, died at the Good Samaritan hospital in that city Saturday evening as a result of injuries received in the game with Denison freshmen that afternoon.

The physician's examination disclosed a compound fracture at the base of the skull, which resulted in a blood clot on the brain. The young man was said to be 14 years of age and weighed 170 pounds. It is thought that he was not physically able to stand the strain of the hard work required in the game.

None of the players of either team knew just how or when young Flowers received the injuries that caused his death. He had been the central figure in the scrimmage, but emerged from it laughing and took his place on the line, only to plunge into another scrimmage an instant later. However, he didn't get very deep into the latter, but, when the players returned to the lines, he was seen to stagger and reel, and before his classmates could reach him he fell unconscious to the ground.

Edelbert Conkey of this city, who resides at 80 Hudson avenue, is a member of the team which played at Zanesville Saturday. He is a freshman at Granville, and states that none of the players realized that young Flowers was badly injured until he fell and was sent to the hospital in an ambulance. No one knows just how the young lad was hurt and it is thought that he was kicked in the head.

The game resulted in a victory for the Denison team by a score of 11 to 0.

WILL ABOLISH THE GAME.

As a result of the tragedy, the high school faculty has called off all future games and Mayor Deacon stepped yesterday's professional game between a local eleven and a Cambridge team. Flowers' older brother was a witness of the game Saturday afternoon and saw his brother die.

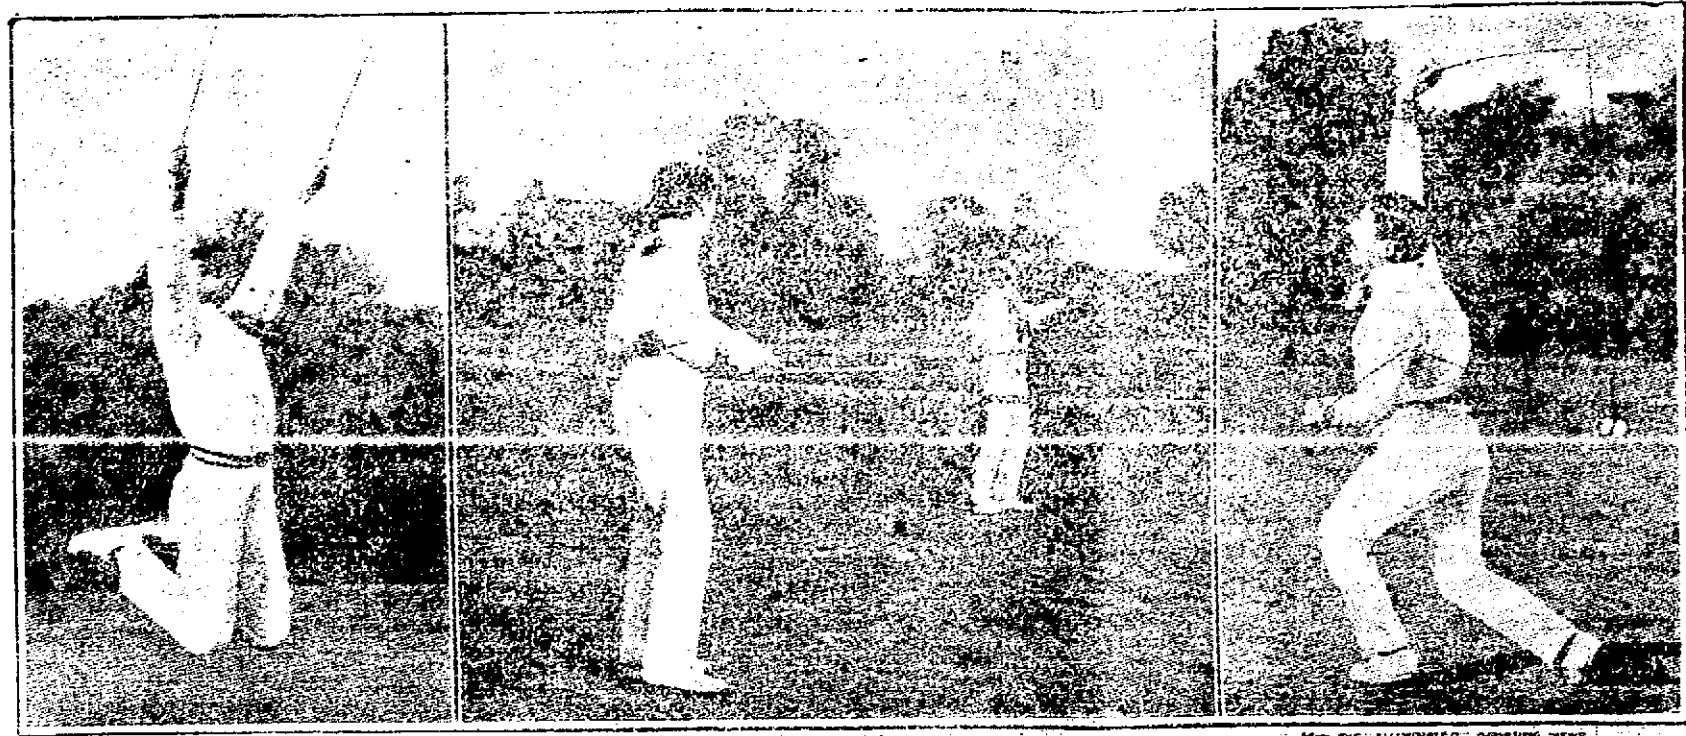

Another Football Victim.
Chicago, Oct. 21.—W. C. Albrecht, 20, died from injuries received during a football game. Albrecht was playing right guard on a local team, and while lining up after a scrimmage, fell unconscious on the field. He was found to be suffering from cerebral hemorrhage, which caused his death two hours later.

Denison 16, Otterbein 10.
Westerville, Oct. 21.—The Denison pigskin warriors scalped the Otterbein team in a hotly contested game on the Otterbein field Saturday afternoon, 16 to 10. This was the first game of the season on the home

HERE'S THE NEW GAME THAT HAS SET ALL PARIS AND LONDON BY THE EARS.

A HIGH SPRINGING SEIZE

A GAME IN PROGRESS

WELL TAKEN AT THE BACK

Diabolo, which has been having such an extraordinary vogue in France and looks like becoming equally popular in all countries, is only an old game revived. In "The Modern Playmate," a favorite book of games, etc., with school boys in the '60s and '70s, the game and implements are fairly fully described under the name of "bandilore, a e say", from China, or not, it was whether it originally came (as some undoubtedly played in England up to a little later than the middle of the last century—of course, only by children.

The game in any event possesses the fascination of being very difficult. College athletes in the United States are very much taken with it, and it is played at Yale and Harvard.

grounds and the attendance was high. While the score was Denison 16 to Otterbein 10, the game was much more even than that score would indicate. The star game for Otterbein was played by Captain Libecap. He blocked a forward pass on Denison's 30-yard line and followed the ball down the field, making a touchdown. Captain Livingston and Quarterback Davies divided the honors for the visitors, each playing a faultless game. There was considerable fumbling, due largely to the new ball. Out of three tries to goal Denison made but one. Otterbein missed the only chance at goal kicking. The line up: Denison—16. 10—Otterbein.

OHIO STATE 6, WOOSTER 6.

Columbus, Oct. 21.—A great game was witnessed on "U" field Saturday afternoon when Wooster clashed with the scarlet and gray finishing by the score of 6 to 6.

Out of dire necessity due to an error in execution early in the thrilling conflict, Ohio State was forced to play an up-hill game, and not until 15 minutes and 15 seconds of the second half had elapsed did Captain Schory and the 400 other interested Americans know that Wooster was to be caught.

Trying to break that tie produced rare sport. Ohio State was never endangered in the last nine minutes of action, but the Wooster men rallied bravely and fought gamely to prevent their plucky opponents from forging to the front.

Excitement soared highest in the last 10 seconds of play. It was all over soon, for Center Hayes of Wooster matched speed with Right End Carr, carrier of the ball, and won. By his victory he prevented Carr from crossing the Wooster last line of defense, as Fullback Gibson had done in the 16th minute of the half's play.

Umpire: Fishleigh of Michigan.
Head linesmen: Dr. Eckstorm of Dartmouth.
Time of halves, 25 minutes.

D. and D. 21, Blind 0.

Guards Brewer and Barnhope, both totally blind, were the stars of a football game played Saturday between the teams of the Blind asylum and the Deaf and Dumb institution at Columbus. The D. and D. team won, 21 to 0, a result which is pleasing to the blind boys, inasmuch as they were playing their first game of the season and were outweighed at least 15 pounds to the man.

Kenyon 11, Heidelberg 0.

Tiffin, Oct. 21.—Heidelberg lost to Kenyon Saturday by the score of 11 to 0. The game was ragged and both teams have considerable to be ashamed of.

Kenyon's fumbling was in evidence at all times, while Heidelberg failed to take advantage of at least two chances to score in the first half.

During the first half Kenyon was clearly out-played and the ball during that half was continually in the Episcopalians' territory.

Bucyrus 90, Upper Sandusky 0.

Bucyrus, Oct. 21.—Bucyrus high smothered Upper Sandusky high here Saturday by a score of 90 to 0. Twenty minute halves were played. The feature of the game was a touchdown by Jolly, end, in 55 seconds of play, after getting the ball on Conkle's punt and carrying it over, covering 80 yards on the play.

Oberlin 22, Case 0.

Oberlin, Oct. 21.—Nothing to it but Oberlin. Case couldn't even score. The Science-Congregationalist annual scrapfest which took place on Dill field resulted in a 22 to 0 victory for Oberlin.

Three touchdowns, three goals and a drop kick from field tell the tale of the brown and white defeat.

Ohio Wesleyan 6, Ohio 0.

Athens, Oct. 21.—Ohio Wesleyan was given quite a surprise Saturday, being unable to cross Ohio's goal line but once, and that single touchdown coming only after 24 minutes of the first half had elapsed. Ohio contested to her utmost every inch of ground.

Although outweighed 15 pounds to the man, Ohio put up a desperate fight.

Columbus East 28, London 0.

London, Oct. 21.—The London high school was no match for the East High eleven from Columbus and went down in defeat by a score of 28 to 0. The London team was considerably better than their opponents, but played a good, stiff game the first half.

Columbus East will play Newark high next Saturday.

TAYLOR OR WINCHESTER SQUAD

John R. Taylor, of this city, and a shooter of national reputation, and who is held in his esteem by the shooters of Ohio and other states, left for New York, where he joins the famous Winchester squad. They will make a tour of the South, beginning at Baltimore, Md. The best wishes of a host of friends accompany Mr. Taylor and he is expected to hit the high scores.

DELAWARE HIGH NOT IN IT AT ANY TIME

Local High School Boys Have a Walk Away—Superior Playing Downs the Methodists.

Saturday was a gala day for Newark High for the first contest of the pig skin chasers on the local gridiron was pulled off at Wehrle Park.

The afternoon was an ideal one and a great number took advantage of the fact and witnessed the local boys wade into the Delaware lads and slaughter them right and left.

Talk about easy picking! Well, the lads from the staid old Methodist town were never in the race at any stage of the game. Newark simply walked through their defense and did just about as they pleased. Nine touchdowns were made by Newark and seven goals were successfully kicked.

Two twenty minute halves were played and four touchdowns resulted during the first half. They were made by Asaley, Black, Jackson and Lewis. Black kicked goal twice and the score stood 22 to nothing when time was called. All through the play, Delaware showed a weak defense from the time that Newark kicked off at the start of play until the referee's whistle announced that the first half was ended. The Methodists were held for downs and at no time were the Newark boys in danger.

In the second half when play was resumed the locals chose to receive the ball and it was caught by Lewis, but was lost on a punt. Newark held their foes for downs and the prettiest play of the afternoon was pulled on when Black received the ball on Delaware's punt and started down the field for the goal. He made a fast, sprint avoiding all interference and made a touchdown from the 60 yard line. He was heartily cheered by the rooters. He also kicked goal.

Newark kicked off the ball being received on the 35 yard line and the enemy made a successful punt, gaining 20 yards. Another punt was attempted and Black received the ball. There was nothing to it but Newark and they waded through the line straight to the goal, Warner carrying the ball over. Black kicked goal.

Delaware started the scrimmage by

kicking off, Jackson receiving and making a pretty run of 20 yards. It was another case of "Marching Through Goryla," and a triple pass was pulled off by Newark that started the rooters while the handsome young lassies cheered their favorites on to victory by waving their pennants and giving their class yells in musical voices. Lewis carried the ball over and Black kicked successfully.

It was the same old story over and over. The laddies from Molder town simply waded through their brothers from College town and made two more touchdowns. Goal was kicked in each instance. Warner and Cooper made several sensational runs and Asaley and Cooper carried the ball over. In the second half 30 points were made and the game resulted 52 to 0 for Newark. The line-up:

Newark—52. 0—Delaware.
Cooper.....R. E.....Grove
Gleichauf.....R. T.....Leonard
Tittipo.....R. G.....Shively
Perry.....C. C.....Valentine
Collins.....L. G.....Cunningham
Ramsey.....L. T.....Meade
Jackson.....L. E.....Longnecker
T. Lewis.....Q. B.....Ballfazer
Warner.....L. H.....Fox
Black.....R. H.....Burdette
Asaley.....F. B.....Baker
Prof. B. H. Lewis of Delaware and Prof. Millisor of this city alternated as referee and umpire. Head linesman, Howard Upson. Time of halves, 20 minutes.

WHEAT DROPS 5 CENTS

The local elevators are paying 9 cents for wheat at the opening of the new week. The price dropped off 5 cents Thursday and Friday of last week, the decline being due no doubt, to the scare on Wall street. Advice from Chicago indicate that it may again advance, but this of course is an uncertainty.

During the time that wheat remained at the dollar notch there was a free movement of the cereal and a great deal was hauled in to the elevators from the surrounding country.

The proposed extension of the Yokohama gas works, at cost of \$313,000 gold, is stated in a Japanese newspaper extract.

The United States has the largest foreign population. Argentina, where 12 out of every 400 are foreigners, ranks second.

VELOCITY, VALUED AT \$100,000.

VELOCITY.

New York, Oct. 21.—The horse which is considered most popular in England this year does not happen to be the Derby winner. On the contrary, it is Velocity, owned by a woman, Mrs. H. V. Jackson. The horse did not capture a single "classic purse" during the season, yet he had a magnificent year. His owner holds him at \$100,000.

S.S.S. DRIVES OUT RHEUMATISM

A good liniment or plaster, or some good home remedy will usually give temporary relief from the pain of Rheumatism, but the disease is more than skin deep and cannot be rubbed away, nor can it be drawn out with a plaster. Such treatment neither prevents nor cures; the excess of acid, which produces Rheumatism, is still in the blood and the disease can never be cured while the circulation remains saturated with this irritating, pain-producing uric acid poison. The trouble will shift from place to place, settling on the nerves and causing pain and inflammation at every exposure or after an attack of indigestion or other irregularity. When neglected or improperly treated, Rheumatism becomes chronic and does not depend upon climatic conditions to bring on an attack, but remains a constant, painful trouble. S. S. S. drives out Rheumatism by neutralizing and expelling the excess of acid from the blood. It purifies and invigorates the circulation so that instead of an acid-laden stream, constantly depositing uric acid in the joints, muscles, nerves and bones, the entire system is nourished and made healthy by rich, life-giving blood. Book on Rheumatism and any medical advice desired will be sent free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

AMERICAN PRESS HUMORISTS

WHAT THIS AGGREGATION OF JOKESMITHS DID AT THEIR FIFTH ANNUAL MEETING.

Much Subtle Humor and Keen Wit Wasted by the Sober Minded Members, Says Lampton—First Joke Opened For Inspection Near Los Angeles—How They Got Revenge In Pasadena—Greeted With Dead March at Venice—Other Funny Incidents.

By W. J. LAMPTON.

I HAVE but recently come from the annual meeting of the American Press Humorists, an aggregation—not a trust—of sober minded men who do not make jokes for the fun or the thing. They need the money. The annual meeting of the A. P. H. is held every year. This is no joke. Ask those who pay for the pleasure. It is almost as serious as owning an automobile. Indeed, only a wealthy editor can own a funny man and an automobile at one and the same time. The purposes of this aggregation of jokesmiths are promoting good fellowship, upholding the quality of modern humor and permanently retiring decrepit jokes of all classes. Among the hundred members are Rev. Robert J. Burdette, better known as Bob; Wilbur D. Nesbit, S. E. Kiser, Strickland W. Gillilan, Thomas A. Daly, Edmund Vance Cooke, Frank Thompson Seagriff, Robertus Love, Judd Mortimer Lewis, Sam Davis and other clever funmakers. John D. Rockefeller, whose humor is of a rich and oily variety, is an honorary member. John D. is the best paid jokesmith in the bunch. His income is \$21 per minute.

This the fifth annual meeting of the A. P. H. was held at Los Angeles, a

he innocently inquired how the cars got up the pole. This was considered very fair for a beginning and caused roars of laughter among our hosts. Nothing but a place of rest would have made a humorist smile after that 2,000 mile ride. We weren't used to it. Since the late cruel railroad passed preventive legislation we have walked so much it lames us to ride.

Morning broke fair after a good night's sleep in a \$2,000,000 hotel, the Alexandria, whose regal appointments just seemed to be made for humorists, and we hied ourselves forth to get our first breath of the glorious climate of California. We had heard so much about it. The glorious climate at this season needs a nice, cold mint julep to sprinkle it down. It has a thirsty air. It hadn't been rained on for weeks.

Now the orgies begin. At 9 o'clock we were whisked away to Monrovia, where we were lunched and received and autographed, and beautiful ladies and gallant gentlemen vied with each other in extending hospitalities of every variety, and our pictures were printed in the Monrovia News, and nobody tried to sell us any real estate, and the dust stayed on the ground where it belonged, and paradise was spilled all

sand is done on foot or pony back. A peculiarity of the climate was discovered here—to wit, the higher the temperature is the lower it is. Anyway, a thermometer on top of Mount Lowe shows about 15 degrees lower than at the foot—the same thermometer, too, so it must be true.

Thursday we went to Venice-by-the-Sea, put there by Mr. Kinney of cigarette wealth—he doesn't smoke them himself, hence his wealth—and we were received by a brass band which played the "Dead March" as we struck the ground from the car. It was the most serious thing that has happened in Venice since the times of the council of ten. We almost felt as if we were standing on the Bridge of Sighs. Nobody laughed but the man who had hired the band, and he quit when he saw the bill. However, we were given a bath in the noble Pacific, discovered by Balboa several years ago, fed on a ship and treated as well as if we had come down to buy property.

Auto Ride In Riverside.

Friday Riverside, famous in the beauty show business, called us thither, and we went in a special car over the Salt Lake and were autographed about a thousand miles of magnolia and pepper and palm avenues which would be worth \$40 a foot to any town east of the range. Then we scooted to the top of Rubid mountain and were given a birdseye view of more topographic loveliness than we could pay for in a million years if we got \$4 apiece for jokes of any vintage. This road cost \$30,000 and is of such grade that an auto will run from top to bottom without using a drop of gasoline or jumping the fence a single time. None has ever tried to use gasoline, but several have tried to jump the fence. You can't start an auto. Said our chauffeur to me—he was a prominent citizen—"An auto is just like a woman; you never can tell what she will do next." It didn't sound like a joke to me, and I didn't laugh. After a minute he said, "But when you get her going right she beats the world." Then I laughed, and he said he meant the auto. All the humorists don't belong to the A. P. H.

We were fed at the Glenwood tavern, one of the show hotels of California, and strutted around the place with our chests puffed out like haughty millionaires out to buy health at \$99 a throw. Mr. Miller, the boss, who is also an artist and poet, was in Europe, and I sighed to think how much literary atmosphere he was losing. Riverside has a population of 30,000 people and several million varieties of tropical plants, which flourish regardless of expense.

Saturday night we took a Salt Lake special for Goldfield and reached that infernal spot at midnight Sunday, being met by a committee with a barrel of beer on a truck. Sunday being a sacred day to humorists, we went to bed to get ready for the Monday doings. Goldfield dug up a wheelbarrow load of raw material, converted it into currency and blew itself. We got right in the draft and stayed there. It was grand—50 cents for an egg and a dollar for a bite off the hen! Somebody else paid the bills, and we simply wallowed in wealth. They showed us the town and everything clean down into the earth for \$50 feet. Millions of dollars in gold were in sight down there, but it was fastened to the ground, and we were unable to move it. At night a grand exhibition of slugging was tendered to the "American Humorists of the World" at the Hippodrome Opera House, with intellectual stunts by the visiting humorists between scraps, and the scene beggared description. Goldfield has 25,000 population and is the greatest mining camp in the world. One saloon, with gambling on the side—al sides—has been capitalized at \$100,000 and pays 35 per cent a month. The town is on the desert, and the only green spot in sight is a small dooryard which costs the owner \$100 a month to keep it green. House rent is whatever a family will pay rather than sleep in the sand. Girls get \$4 a day folding papers in a printing office. Lady stenographers pull \$50 a week, with chances to speculate in mines, and two of them have accumulated \$75,000 each. The dust is so thick that when the wind raises it they have to blow it away with dynamite. Bootblacks charge 25 cents a shine and have to pay 10 cents a shovelful to remove the dust before applying the polish.

Everything in town is wide open except the churches. It's a bully place to be when the luck is right, and everybody seems to think that the luck will come his way, if it hasn't already. Go to Goldfield. It's a warm baby! And you should see the town.

Reception In Salt Lake.

Tuesday morning at 9 we got away for Salt Lake City—at least the remnants of us did, for the party had broken up somewhat—and we struck that well known place at noon next day. We were received by the Herald and other newspaper men and moved out to Great Salt Lake to take the freshness of our jokes. Salt Lake City is handsomer than Los Angeles, though very different and not half so big and busy. At night we had dinner at the beautiful Alta club and once again felt that the humorist had much to be thankful for.

Somewhere, some time, we held a meeting for business and elected Frank T. Seagriff of Los Angeles president and Judd Mortimer Lewis of the Houston Post secretary. There was no opposition is about all I remember, and also that the next annual meeting will be held at Houston, time not yet determined. Houston is in Texas. We will not have to carry our guns with us. There is a local supply sufficient for all needs, Secretary Lewis assures us.

TAFT ON THE FUTURE

The Secretary of War Considers the Trusts.

Regulation is Necessary, but There is Danger That in the Current Zeal For Reform the Demagogues and the Socialists May Get the Upper Hand and Carry Legislation Too Far—Faith in the American People.

In a recent issue the Citizens' Bulletin of Cincinnati gives a series of extracts from the most recent addresses of Secretary Taft. After taking up in some detail the evils that have resulted from the rapid development of corporations during the past few years Mr. Taft says:

"Without defending, mitigating or in any way justifying the evils I have described, it certainly can be said that they were the outgrowth of the enormous expansion of business and of capital involved in the spreading business of the country and that, while they are to be deplored and to be stamped out, it would be the utmost folly to initiate and carry through legislation which instead of remedying the evil shall kill the enterprise and investments which have gone on apace to make this nation the great center of industry and production of the world. And the danger now is that in the zeal for reform demagogues, Socialists and enemies of society may be given an opportunity to carry on legislation to such an extreme as permanently to hamper the business growth of the country.

"No injustice reacts so quickly as injustice to capital, for capital can protect itself, can stand a loss and withdraw and leave the community from which it flees in a condition of helplessness that it will take years to overcome. While this is the danger from the awakened public conscience on the subject of business integrity, let us not fail to rejoice in the enormous benefit to the country which is involved in the existence of this public conscience, for it was quickened into expression at a time when the greatest prosperity prevailed throughout the country, when lavished wealth made comfort for more people than ever before and when that luxury and hunt for pleasure which led the Roman empire and other dynasties of old to destruction it was prophesied would bring about the same fate for this republic. But it has not done so, and in the face of comfort, luxury and pleasure there has arisen this protest from the many enjoying all the prosperity possible against the abuses and violations of the trust, and there has arisen a cry for a higher business morality and a more sacred care and scruple in the conduct of agents and trustees.

The Public's Demands.

"It is becoming more and more certain that the public will insist on greater publicity in the management of these great financial trusts, and a closer scrutiny into the methods by which the great combinations shall continue and maintain their business, and a greater and greater care and regard for the public with which the railroad and other transportation companies shall discharge the duties which, in accepting valuable franchises, they assume to discharge toward the communities in which they carry on their business.

"The various provisions of law, the tribunals and executive machinery by which these results are to be accomplished, will be the duty of the coming generation to work out and develop. The irresponsibility of the wielder of millions of capital which has heretofore accompanied his exercise of power in the business communities, it is now settled, must have an end, and the limitation which shall effectually end it will be dictated by experience and the statesmanlike acumen of the coming generation.

"Such changes cannot be effected in a short time. Such changes cannot be brought about by a mere denunciation and indiscriminate condemnation, whether delivered from a stump or contained in the provisions of law. They must and will be fashioned ultimately by the hands of one or many who shall realize the necessity for maintaining the institutions of private property and the freedom of individual initiative, on the one hand, and of restraining the well recognized abuses and illegalities of the exercise of the power of concentrated wealth to achieve monopoly by duress.

"Such regulation is possible, and it needs only experience and earnest effort, honest and courageous and fearless juries, to enforce the regulations which shall teach those who would otherwise offend and misuse the power of concentrated wealth that it is not only moral and conducive to their happiness, but also profitable to observe the regulations that the quickened conscience of the people has insisted upon introducing into the statute book."

A Sensitive Ohio Council.

In contrast to the city councils that are going in search of trouble by acquiring municipal plants, the action of the village council of Cridersville, O., is interesting so far from seeking municipal ownership, they refused to have it thrust upon them, for when the village was forced to foreclose the mortgage it held on the local lighting plant it promptly turned around and sold the plant to private parties.

Municipal Monopoly Overbearing.

Municipal monopoly is more automatic and overbearing than any private corporation would dare to be. Richmond Dispatch.

DEATHS AND FUNERALS

MR. SAMUEL JACKSON.

Mr. Samuel Jackson, about 70 years old, father of Mrs. Murray Moore, of this city, died at his home in Mt. Vernon, Saturday night. Besides his wife, three children, Miss Charlotte Jackson, Mrs. Burr Squires and Mrs. Moore survive him. The funeral will be held Tuesday.

DIED IN MT. VERNON.

Miss Cora Wolf, a well known resident of Mt. Vernon, died at her home in that city Friday night after suffering from a complication of diseases. Miss Wolf was born in Mt. Vernon and was aged 55 years, having resided there all her life. She was a member of the Daughters of Pocomantas, the Daughters of Liberty and the Gay Street M. E. church. The funeral was held Monday afternoon at 2 o'clock from the house, and interment was made in Mount View cemetery.

MRS. HARPER DYING.

Mrs. Ella Rainey Harper, mother of the late Dr. W. R. Harper, is fatally ill at the home of her daughter, Mrs. Mary Douglass, of Pittsburgh. Mrs. Harper is nearly 50 years of age and has been in infirm health for a year past.

CARD OF THANKS.

We hereby desire to express our thanks to friends and minister who so kindly assisted during the sickness and death of our mother and sister, also for the beautiful floral offerings and heartfelt thanks to the singers and Dr. Miller, Mr. and Mrs. Burr Beard, Mrs. Ella Richardson, Miss Mae L. Stone.

FEATHERS RENOVATED

Have Your Feathers Renovated by a Home Industry and Avoid Fraud.

Every year reports come to us of frauds practiced by traveling feather renovators. Often good feathers are removed and cheaper ones substituted or else part of the feathers are never returned.

The best way to avoid the possibility of being swindled is to patronize a local institution, and then you are not only assured of the best of work but fair and honest treatment.

Beautiful rugs woven from old carpets. Phone and my agent will come.

FRANK MYLIUS, Compressed Air Carpet Cleaner, 109 S. Monmouth st. Both phones. 19-20.

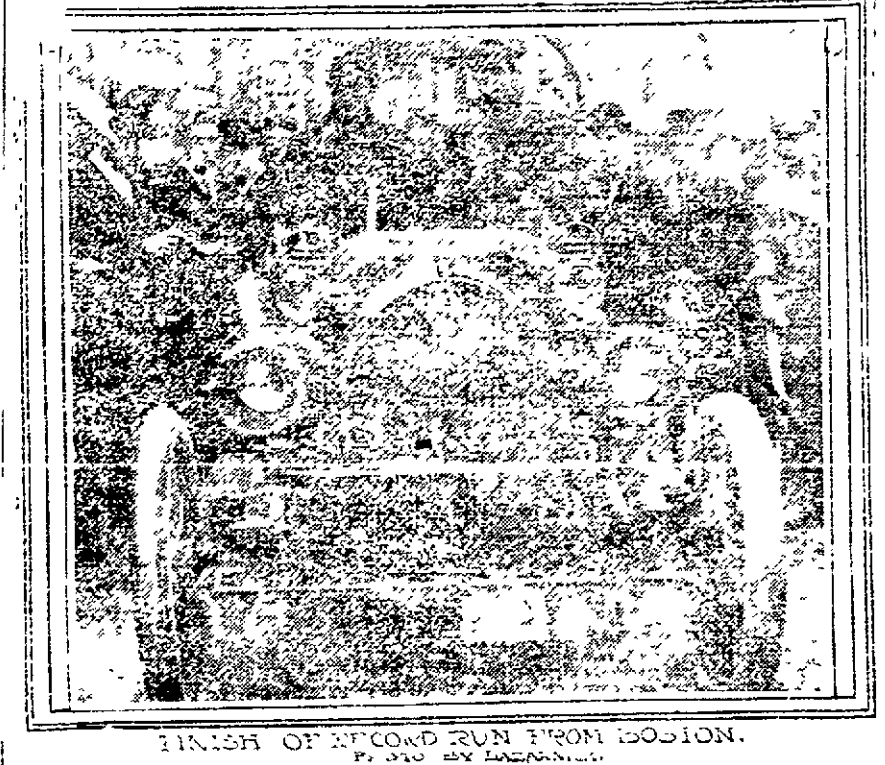

A protest on the part of the working men over the price of living was 48,000 tons, as against the 32,500 of town, O.

Miss Kate Frenshour was killed and Cio Mason was fatally injured at a crossing near Wabash, Ind., by being struck by a car.

JUDGE CRANE NOT A POLITICIAN

Hon. J. W. Crane of Canton, who was appointed by Governor Harris Saturday to succeed Judge Thomas T. McCarty as a member of the circuit court bench of the Fifth district, is a native of Columbiana county, is 48 years old, a graduate of Mt. Union college, and is married. He is a member of the law firm of Crane & Snyder, of Canton, and has never held political office, except as a member of the school board and of solicitor of Canton. Judge Crane was induced to become a candidate by his daughter, a miss of 18 years, his wife being absent at the time in Oklahoma. He will begin his duties this week.

BREAKFAST IN BOSTON, LUNCHEON IN NEW YORK.

FINISH OF RECORD RUN FROM BOSTON. New York, Oct. 21—Over the roads from Boston to New York by automobile between breakfast and luncheon is a record accomplished by Ray McNamee of 13 former C. & N. Y. Premier. But more remarkable, the 254 miles of road were covered in 9 hr., 53 min., with the bonnet and high speed gear, and the car was in motion of nearly 100 miles an hour, inclusive of all stops.

MISS JULIE FLORENCE WALSH

WOMEN SUFFER

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance.

How many women do you know who are perfectly well and strong? The cause may be easily traced to some feminine derangement which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, dragging sensations, flatulency, nervousness, and sleeplessness.

These symptoms are but warnings that there is danger ahead, and unless heeded, a life of suffering or a serious operation is the inevitable result. The best remedy for all these symptoms is

Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs. No other medicine in the country has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female ills.

Miss J. F. Walsh, of 328 W. 36th St., New York City, writes:—"Lydia E. Pinkham's Vegetable Compound has been of inestimable value in restoring my health. I suffered from female illness which caused dreadful headaches, dizziness, and dull pains in my back, but your medicine soon brought about a change in my general condition, built me up and made me perfectly well."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Fainting and Displacements, Inflammation and Obstruction, and organic diseases. It is invaluable in preparing for child-birth and during the Change of Life. It cures Nervous Prostration, Headache, General Debility, and invigorates the whole system.

Mrs. Pinkham's Standing Invitation to Women Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

Consumers

The Beer That Never Disappoints

It sharpens the appetite, aids digestion, rebuilds the tissues, soothes the nerves, keeps the eyes bright and the head clear, imparts physical buoyancy, mental poise and the sheer happiness of health

Consumers is clear gain to the system. It's made in Newark and has that delicious hop flavor.

LEGAL NOTICE.

Isaac H. Mitchell, who resides at Martol, Lancaster county, Nebraska, will take notice that Eber S. Mitchell, on September 24th, 1907, filed his petition, Case No. 14177, in the Licking county, Ohio, Common Pleas court, against Ezra O. Mitchell, Isaac H. Mitchell and others, defendants, alleging that he is the owner in fee simple of one undivided fifth part of 350 acres of land subject to an advancement of \$300. Situate in the County of Licking and State of Ohio, and in Hartford township, and being part of lot No. 10 in township 4 section 1, and range 15, T. S. M. lands and being the whole of 200 acres less 59 acres of the east side of said tract. The prayer of said petition is for the partition of said 150 acres of land between the defendants except, Maria Mitchell, widow, who is entitled to dower therein. Said Isaac H. Mitchell is required to answer on or before December 18, 1907.

EBER S. MITCHELL, By J. B. Jones, his attorney.

AFTER PLUMBERS' TRUST.

Columbus, Oct. 21—A suit to drive the alleged plumbers' supply trust from Ohio was instituted Monday by Attorney General Wade Ellis.

New York has 67,000,000,000 gallons of water stored away in its mountain reservoir.

"NOT GUILTY"

WAS JURY'S VERDICT UNDER THE INSTRUCTION OF THE COURT.

Defendant Charged With Illegal Voting—McCann Case—News of the Court House.

The case of Herbert Walters, prosecuted by the State of Ohio for illegal voting, was tried in Common Pleas court Monday. He was charged with unlawfully voting at an election which was held in Licking township on the 27th of April last, the issue being as to whether or not intoxicating liquors should be prohibited within that township. The claim was made by the state that he had not been a resident of the township a sufficient length of time to permit him to vote.

At the conclusion of the evidence of the state, Phil B. Smythe, attorney for the defendant, moved the court to arrest the case and direct a verdict for the defendant on the ground that the state had failed to make a case against the defendant. After argument by counsel the court sustained the motion and directed the jury to return a verdict for the defendant, which was done, and the defendant was discharged. Fitzgibbon, Smythe & Smythe.

Changed His Plea.

In the case of the State of Ohio vs. Earl Camp, indicted for assault with intent to kill, the defendant, with the consent of the prosecuting attorney, was allowed to plead guilty to assault and battery, and sentence was deferred to one week from next Saturday.

Max McCann Case.

The Circuit court at its recent session reversed the judgment of the Common Pleas court in the case of Ohio vs. Max McCann, convicted of attempted criminal assault and sentenced to the penitentiary for a term of eight years. This decision necessarily requires that the warden of the penitentiary return McCann to the Licking county jail and the case will be put on the trial docket of the Common Pleas court for a new trial, and a date set for the trial. The order for the return of McCann has been issued by the Clerk of the court to the warden of the penitentiary and he will probably be brought here tonight or in the morning.

Neglect of Duty Charged.

Florence M. Costello has commenced suit in the Probate court against her husband, James Costello, for divorce. Costello is at present in Columbus. The parties were married August 30, 1895, and no children were born of the marriage. She charges her husband with gross neglect of duty and failure to provide, compelling her to keep boarders, roomers and perform other labor. N. W. Dick is the attorney for the plaintiff.

Pleaded Not Guilty.

Mrs. Laura E. Sharp, the young wife of B. N. Sharp, an aged resident of Mt. Vernon, and James Fredo, an Italian, who formerly conducted a restaurant in that city, were arraigned before Judge Wildermuth at Columbus Saturday on the charge of living illegally together. On the couple's plea of not guilty the case was continued until Wednesday. Mrs. Sharp declares that her husband drove her from home. She left several small children at Mt. Vernon.

Devises File Answer.

In the case of Eber S. Mitchell vs. Ezra O. Mitchell and others, the defendants, Ezra O. Mitchell and wife, and Maria Mitchell, have filed their answers to the petition of the plaintiff. They say that they both are children and devisees of John Mitchell, deceased, and are entitled each to the undivided one-fifth of all the lands described in the petition, subject to the life estate of Maria Mitchell, widow of John Mitchell, deceased. That since the death of John Mitchell, his widow, Maria Mitchell, entered into a contract in writing with the plaintiff and the defendants, Ezra O. Mitchell, Isaac H. Mitchell,

Sarah E. Mitchell, J. E. Wilson, guardian of Daniel N. Mitchell, an imbecile, by the terms of which all of the devises conveyed to Maria Mitchell for the term of her natural life time all of the lands sought to be partitioned. Defendants deny that Eber S. Mitchell is entitled to partition of the real estate during the life time of Maria Mitchell, and that the plaintiff is estopped by his own act in conveying the life estate to Maria Mitchell from obtaining any of the relief demanded in his petition. Defendants ask that plaintiff's petition be dismissed. S. Leamon, attorney.

Real Estate Transfers.

Charles J. Jones and wife to Maria Mitchell, lot 5 in Grant's addition to Granville, \$2500.

Joseph R. Morrison to Frank T. Morrison, 60.43 acres in Hopewell township, \$1890.

Joseph R. Morrison to Frank T. Morrison, 50 acres in Hopewell township, \$500.

Jonathan J. Wright and wife to Hezekiah D. Blime and Lida May Blime, 90 acres in McKean township \$8100.

Edmond J. Danner and Annie Danner to Jacob J. Lanner, real estate in Newark, \$1800.

Isaac G. Burkam and wife to Wm. J. Reid, lot 11 in Isaac G. Burkam's subdivision of lots 29 and 30 in J. B. Jones' addition to Newark in Madison township, \$2400.

WRECK ON B. & O.

A disastrous wreck occurred on the B. & O. railroad at noon today at the east end of the Black Hand cut. The fourth section of No. 36 crashed into the rear end of third No. 36 and five cars and the cabooses were derailed. Several of the train crew were injured, but who the injured are and to what extent is not known. Several cars have taken fire and the damage will probably be large. Traffic is blocked and passenger trains Nos. 193 and 104 have been sent over the Panhandle to Trinway and over the C. and M. V. to their destination.

ODD FELLOWS WILL GO TO SPRINGFIELD

Arrangements are being made by the local lodges of Odd Fellows to run two special cars over the interurban via of Columbus to Springfield, on Thursday, October 31, to witness the ceremonies attendant upon the dedication of the new extension and laundry of the Odd Fellows Home. The exercises will begin at 1 o'clock in the afternoon, with a grand parade, and will be concluded at the home. It is expected that over one hundred will be present from Newark.

"BERT" LARKIN IN THE INFIRMARY

Columbus, Oct. 21—"Happy" Bert Larkin, an optimist of the first water, known to the passing generation of several sates as an erstwhile favorite entertainer, became a ward of Franklin county Saturday when he was taken in at the infirmary, a nervous wreck, at the age of 70. His condition was desperate, his every nerve and muscle palsied through excessive indulgence in strong drink.

Supt. Ellis of the infirmary said that the man would recover if he remained at the county institution. Unless he did this, however, there was a good chance for an early death.

CANOED DOWN LICKING RIVER.

Mr. and Mrs. Chester Zinsmeister of Zanesville, who were guests of Miss Florence Daugherty, of East Church street for several days, returned home Sunday in a canoe via Licking river. They were joined in this city before the start by Ralph and Holmes Lash and Misses Alice Cary and Julia Lee, three canoes having been expressed to this city for the party's use. They left this city at 8 o'clock Sunday morning and expected to arrive at their destination about 9 in the evening.

MUSIC STUDENTS

IN DENISON CONSERVATORY ARE MORE NUMEROUS THAN PREVIOUSLY.

And Some Will Have to Be Turned Away—Literary Societies Met—Granville News.

Granville, Oct. 21.—The leaves are surely beginning to fall; a drive through the country now is more worth while than at any other time. Such a beautiful blending of colors, from deepest russet and brown to a brilliant scarlet, and that blue mist way off there in the distance; it never looks at any other time quite as it does now. Whittier said long ago: "Autumn's earliest frost had given To the woods below,

Hues of beauty, such as Heaven Lendeth to its bow." Speaking of falling leaves what a pity they needs must be burned on every street in town, the acrid smoke in one's face is far from pleasant, and it has been said that the smoke from the burning leaves causes throat and lung trouble, however true that may be.

However, the joy of childhood is a bonfire, and we could not deprive anyone of that delight. We have all met her person who knew exactly how to build a fire in the woods, but the fact was never proved, for every other person present always had a hand in it, and when with poking it, and putting unseasoned wood on it, and dropping a heavy log on it just as it started to burn, it was a mighty healthy fire that did not go out from sheer exhaustion. But building the fire is like cooking on the chafing dish—everyone has a right to tell how it should be done, and it only adds to the fun of the occasion.

The conservatory of music in Denison university is as full as the other departments, and will have to turn away students before the new year. Arthur L. Judson, teacher of violin and music history, as well as director of chorus, orchestra and festival association, is dean of the institution; but is on a leave of absence for a year during which he is studying in New York. The teachers now are Reginald L. Hidden (of Columbus) in the violin department, Mrs. Elizabeth Thompson Wilson at the head of the voice department, her assistant, H. W. Marsh of Chicago. Fannie J. Farrar is head of the piano department and has associated with her Dorothy Kibler, a graduate of the National Conservatory of New York, under Rafael teacher of organ, pupil of Harrison Wild of Chicago. Carl Paige Wood has charge of the department of theory and is a graduate of Harvard.

The regular meeting of Irving Literary Society was held Friday night with a good attendance and after devotional exercises by the chaplain, the following interesting program was carried out: Decimation, Zoe D. Brown; Inveictive, Carl M. Boyer; Impromptu, Robert M. Albaugh; Essay, Newton Carmen; Solo, Thomas Reese, assisted by Miss Minnie Cross; Debate "That Foreign Emigration Should be Further Restricted by an Educational Test." Affirmative, T. B. Smith; negative, F. R. Dann; Judges, Walker, Linnel and Atwell. Decision was rendered in favor of the affirmative.

The regular meeting of the Calliopean Literary Society was held Friday evening when the following program was carried out: Essay, "Ships That Pass in the Night," V. H. Hoppe; Original story, "The Dinner Bell," J. H. Thomas; Decimation, "The Barons' Last Banquet," L. V. Mincar; Current Events, C. W. Thomas; Debate, Resolved, "That Railroads of the United States Should be Owned and Controlled by the Government." Affirmative, C. C. Winter; negative, R. C. McMillen. Won by the negative: Extempo, "Practical Importance of Psychology to a Business Manager," R. E. Corman; Et Cetera, C. W. Kemper.

Rev. J. W. Carter an uncle by marriage of Prof. W. H. Johnson of Denison university, died suddenly while in attendance at the West Virginia Baptist General Association at Huntington. Prof. Johnson was called to the funeral which took place in Parkersburg, W. Va., Sunday afternoon, the interment being made there.

Miss Grace Cochran, who has just recovered from a severe attack of typhoid fever, has returned to school. Miss Esther Williams of Columbus spent Sunday in the village the guest of Miss Bess Williams.

The students of geology went out to Lost Run Saturday and had a very profitable day.

The King Hall girls gave a dress party Friday evening which was one of the most delightful social functions of the season.

Miss Helen Lamson and Miss Ruth Akers entertained Harold Lamson and Albert Akers at tea Saturday morning.

Miss Liela Porter and Mrs. Charles Goodale spent Saturday with friends in Newark.

Miss Cecelia Morton of Elyria, O., who has been visiting in the village for several days, has gone to Newark, where she will visit relatives for some days before returning home.

Mrs. Chrysler and Miss Ada Chrysler were in Newark, Saturday. Mr. and Mrs. Charles Hildreth of

Urbana, spent Sunday with friends in the village.

Miss Marjory Willis, Josephine Carver and Cornelia Roemer, were in Newark, Saturday.

Thomas Greenleaf of Hamilton, O., has been visiting here for several days.

Miss Grace McClelland spent Sunday with friends in Fredericktown. Charles J. Stillwell was initiated into the Beta Theta Pi fraternity Saturday night.

Howard Cox, D. U. '07 has been visiting his Beta brothers for several days.

Roland Hunt of Cincinnati is visiting friends in the village. Mr. and Mrs. M. H. Leslie of Columbus, spent Sunday in the village.

Willis Oldham, a prominent young attorney of Cleveland, who has been here for the past several days, returned home Monday morning.

Albert Akers, who has been visiting his sister, Miss Ruth, returned Monday to his home in Cleveland.

SOLVENT

Are Found Certain New York Banks. Heinze's Successor.

New York, Oct. 21.—Seth B. Milliken was elected president of the Mercantile National bank to succeed F. Augustus Heinze. A committee of the New York clearing house issued a statement declaring that after having made an examination of the several banks of the association that have been under sharp criticism they have found the banks solvent and have decided to render them assistance if necessary.

William N. Havemeyer, one of its directors, was elected to the presidency of the National Bank of North

CHARLES W. MORSE.

America, succeeding Alfred H. Curtis, resigned. It is understood that the Mercantile National bank will undergo a process of slow liquidation. Charles W. Morse has announced his resignation from the directorate of every local bank with which he was connected.

Mr. Morse issued the following statement: "Owing to my connection with the affairs of the Mercantile National bank and the seemingly disturbed condition of the public mind, I have determined, without the slightest suggestion or solicitation on the part of any one, that my resignation from the various boards of directors of the other banks with which I am associated might be for the best interests of the depositors, stockholders and others interested in those banks. Accordingly I have this day tendered my resignation from all the banks in which I have been serving as director."

Any skin itching is a temper-tester. The more you scratch the worse it itches. Doan's Ointment cures psoriasis, eczema—any skin itching. At all drug stores.

NINTH ANNIVERSARY.

Mr. and Mrs. Charles Yowell celebrated their ninth wedding anniversary Thursday, October 17 with a turkey dinner.

The guests were: Mr. and Mrs. Henry Smith, and granddaughter Ida Marie Snelling, Miss Emma Cooperider, Mrs. Lillian Snelling of Millersport, O., Mr. and Mrs. Henry Irwin, R. F. D. No. 6, Mr. and Mrs. Sylvester Cummins, R. F. D. No. 6, Mr. and Mrs. Jesse Snelling of Newark, Mr. and Mrs. Harry Musselman, R. F. D. No. 5, Mr. and Mrs. William Snelling of South Amsterdam, Miss Hattie Snelling, Mrs. Yowell Sr., of R. F. D. No. 5, Mr. and Mrs. Leroy Dushimer of Amsterdam.

Shot Wife and Self.

Brunswick, Ga., Oct. 21.—Crazed with drink and jealousy, William Rainey, a young grocer of this city, shot and mortally wounded his wife. He then placed the revolver to his head and fired, dying instantly.

Martin and Edwi Clehessy, father and son of Carlton, N. Y., were accidentally and fatally shot while deer hunting. James Crowley, a hunter, mistook them for deer.

As a result of pouring oil on a fire in a stove, Mrs. Phoebe Goldstein of Brooklyn and six of her 11 children were badly burned. Mrs. Goldstein and a son, David, 25, are likely to die.

CONFESSION

OF BANKER BECWITH WILL BE SUPPRESSED BY THE U. S. GOVERNMENT.

As It Contains Many Idle Charges—State May Investigate O. S. U. Hazing—Ohio News.

Cleveland, O., Oct. 21.—The confession of Banker Beckwith of Oberlin, O., which first laid bare to federal officials the huge financial transactions of Mrs. Cassie L. Chadwick, will remain a secret of the government. United States Marshal Frank M. Chandler, to whom the confession of the Oberlin banker, now dead, was made, has returned from Washington, and says the confession will be suppressed for the reason that the charges contained in it against many persons, while they were believed by Beckwith to be true, were false. Nathan Looser, receiver in bankruptcy for the Chadwick estate, says he expects that all of the pass-books of the estate with other banks will also prove worthless.

Pittsburg, Oct. 21.—Thomas W. Welsh, Jr., second vice president of the Second National bank of Pittsburg, said that Mrs. Cassie Chadwick never had any account at the bank. At the time Mrs. Chadwick is said to have deposited \$300,000, Mr. Welsh was cashier of the institution. How Mrs. Chadwick got the pass-book of the Second National bank and who made the entries cannot be explained here. Some of the contents of the deposition made by Mrs. Chadwick while in the Ohio penitentiary to A. Leo Well of this city, attorney for W. C. Jutte, in the litigation which is pending against James W. Friend and James N. Hoffstot, have been made public. The deposition has been kept sealed, but it is said Mrs. Chadwick swore that Friend and Hoffstot loaned her various sums of money, aggregating \$300,000.

State May Investigate Hazing. Columbus, O., Oct. 21.—Attention of the next general assembly may be called to the recent hazing at the Ohio State university of John W. Snyder, the freshman cane rush captain, who has not recovered from injuries he received at the hands of the sophomores. Edgar Ervin of Pomeroy, representative from Meigs county, has been in Columbus, quietly making an investigation of the hazing.

Italian Assassinated. Kent, O., Oct. 21.—One Italian was assassinated, three Americans were stabbed and several foreigners cut and slashed in fights that occurred here. A number of arrests have been made and 10 men are now in jail held for investigation on the suspicion that they are the assassins of the dead man or that they have taken part in some of the disturbances.

With a Shotgun. Bridgeport, O., Oct. 21.—Alex Horbat, 37, of Barton, nine miles west of this city, committed suicide by shooting himself with a shotgun. The load took effect in his left arm, severing an artery, and he bled to death. Horbat sat on a bed and pulled the trigger with his great toe. Melancholia over financial reverses caused the act.

Ohio Minister Dead. Toledo, O., Oct. 21.—A cablegram received here today announced the death in Egypt on October 1 of Rev. Chauncey Murch, a Presbyterian missionary. He was 48 years old. He went to Egypt in 1883. His wife was with him at his death, which was due to heart disease. He was a native of Scotch Ridge, O.

Crossing Tragedy.

Cincinnati, O., Oct. 21.—Train No. 35 on the Springfield division of the Cincinnati, Hamilton and Dayton railroad added another chapter to "dead man's crossing" at Harrison and State avenues, by crashing into a crowded John street car, killing Mrs. J. W. Story instantly and injuring three others, one of whom will probably die. The gateman had lowered the gate for a southbound train and did not see the approach of the northbound "fyer." The three passengers injured were the husband, daughter and sister of Mrs. Story. Mr. Story and his daughter received only slight injuries, but Mrs. Story's sister, Mrs. Greenleaf, is at present considered fatally injured. Besides the passengers, both the motorman and conductor were slightly injured.

Suffocated in a Fire. Columbus, O., Oct. 21.—Less Wellington, a negro, 35, suffocated in a fire caused by a gasoline explosion in a three-room shack at 308 South Grant avenue. His clothes were partly burned from his body.

Thieves Used Wagons. Lima, O., Oct. 21.—Five freight cars on the Pennsylvania sidetracks near Lima college were completely looted, the seals being broken and the contents of the cars carted away in wagons.

Scale Signed. Pomeroy, O., Oct. 21.—The Charter Oak Mining company has signed the scale, thus ending the strike that was inaugurated in this field last January.

Means Heavy Vote.

Cincinnati, O., Oct. 21.—Registration was heavy in Ohio's leading cities, the figures being: Cleveland, 92,116; Cincinnati, 84,223; Columbus, 39,842.

The Proof of the Starching

Is the article immaculately white, possessing indescribable beauty and delicacy, with just the pliability to hang gracefully, yet with firmness that insures permanent shape-retention? Does it resist the ill effects of dust and keep its dainty finish? Then it was surely starched with the genuine

KINGSFORD'S OSWEGO Silver Gloss Starch

—the old reliable kind which has been the standard of quality for over half a century. Makes ironing day easier, because there is no guessing or uncertainty, no poor results, no sticky irons—simply the satisfaction that every laundress receives from work truly faultless. Most economical; dissolves instantly, handiest in every way.

BEST FOR ALL KINDS OF STARCHING.

For general starching boil as directed. For light starching unqualified as a cold water starch, requiring no boiling.

Made for over twenty years at Oswego, N. Y.

T. KINGSFORD & SON, Oswego, N. Y. NATIONAL STARCH COMPANY, Successors.
